south parallel to the west line of said SE1/4, 150.00 feet; thence west
parallel to the south lines of Lots 8, 7, and 6, Block 12, a distance of
444.00 feet to the point of beginning.

Existing public easements and dedications being vacated by virtue of
K.S.A. 12-512(b), including the unrecorded W.P.A. farm pond and
"water rights and water access" easement referred to in Misc. Book 388,
Page 183, and in Misc. Book 388, Page 184.

Baughman Company, P.A.

Michael S. Conroy, Surveyor
Michael G. Conroy

Know all men by these presents that we,
the undersigned, have caused the land in the surveyors certificate to be
platted into Lots, a Block, and a Street, to be known as "BIG FOOT
ESTATES", Sedgwick County, Kansas. The utility easement is hereby
granted as indicated for the construction and maintenance of all public
utilities. The street is hereby dedicated to and for the use of the
public. All abutters rights of access to or from 55th Street South
shall be as depicted on the face of the plat and hereby granted to the
appropriate governing body. The permitted opening locations shall be
as determined by the Engineer for the appropriate governing body.

RE: SUB 2001-21 -- Final Plat of Big Foot Estates Addition

At the regular meeting of the Metropolitan Area Planning Commission on April 5, 2001, the above captioned plat was considered. The action of the Planning Commission was to approve the plat as recommended by the Subdivision Committee subject to the conditions stated in our letter dated March 30, 2001.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision, along with four (4) copies, to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot, residential developments.
4. Submission of a disk to the Planning Department detailing the final plat in digital format in Autocad. This will be used by the City and County GIS Departments.

If you have any questions concerning this matter, please call.

A handwritten signature in black ink that reads 'Neil Evan Strahl'.

RE: SUB 2001-21 -- Final Plat of Big Foot Estates Addition

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, March 29, 2001, the above captioned plat was considered. The action of the Committee was to approve the final plat, subject to the following:

STAFF COMMENTS:

- A. Since sanitary sewer is unavailable to serve this property, the applicant shall contact the Environmental Health Division of the Health Department to find out what tests may be necessary and what standards are to be met for approval of on-site sewerage facilities. A memorandum shall be obtained specifying approval. *A restrictive covenant is required that limits Lot 1 to non-domestic uses on the site until public sewer is available. A site plan is also required.*
- B. The site is currently served by Rural Water District No. 4. The applicant shall contact this water district to determine the ability of this property being platted to connect to their water line and submit a letter from the water district to that effect.
- C. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning department for recording.
- D. County Engineering needs to comment on the status of the applicant's drainage plan. *A Master Drainage plan needs to be submitted.*
- E. County Fire Department needs to comment on the proposed access easement for Lot 2. *No building shall be constructed on Lot 2 until the driveway is built.*
- F. To provide for access to Lot 2, an access easement needs to be established by separate instrument. Initial construction responsibilities and future maintenance of the driveway within the easement should also be addressed by the text of the instrument. *County Engineering has required a 50-ft access easement, which will be relocated by the applicant to the west property line.*

City Hall • 10th Floor • 455 North Main • Wichita, Kansas 67202-1688

T 316.268.4421 F 316.268.4390

www.wichitagov.org

- G. The applicant shall submit a copy of the instrument which establishes the pipeline easements on the property, which verifies that the easements shown are sufficient and that utilities may be located adjacent to and within the easements.
- H. The applicant's agent shall determine any setback requirements for the pipelines by researching the text of the pipeline agreements. If a setback from the pipeline easements is provided for in the pipeline easement agreements, it shall be indicated on the face of the plat.
- I. On the final plat tracing, the MAPC signature block needs to reference "J.D. Michaelis, Acting Chair".
- J. On the final plat tracing, the plattor's text shall include language that a drainage plan has been developed for the plat and that all drainage easements, rights-of-way, or reserves shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and unobstructed to allow for the conveyance of stormwater.
- K. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- L. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- M. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (Phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- N. The applicant is advised that various State and Federal requirements (specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147) for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- O. The owner of the subdivision should be aware of the fact that the development of any subdivision greater than five (5) acres in size may require an NPDES Storm Water Discharge Permit from the Kansas Department of Health and Environment in Topeka. Further, on all construction sites, the City of Wichita requires that best management practices be used to reduce pollutant loadings in storm water runoffs.
- P. Perimeter closure computations shall be submitted with the final plat tracing.
- Q. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- R. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property.

- S. The applicant is reminded that a disk shall be submitted with the final plat tracing to the Planning Department detailing this plat in digital format in AutoCAD. This will be used by the City and County GIS Department.

If this plat requires the guaranteeing of improvements, a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Certificates, which are required if petitions are submitted, and forms for the bond and Irrevocable Letter of Credit are also available from this office.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, April 5, 2001, at 1:00 p.m.

The enclosed "marked" copy of the plat is for your information and files.

If you have any questions concerning this matter, please call.
