Dear Applicants:

We have reviewed your request for a Sign Code Adjustment to permit an off-site sign on adjacent property. From reviewing your application, we understand that you propose a multi-tenant sign for several buildings and tenants located within Lot 4, Block 1, the Waterfront Addition.

Section 24.04.251.2.j. of the Sign Code allows an administrative adjustment to permit "off-site" signs that do not exceed one hundred square feet in size or twenty-five feet in height, provided that the sign for the business being advertised is located on a zoning lot that abuts or is adjacent to the zoning lot on which the advertised business is located, and on which the proposed "off-site" sign would otherwise be allowed by the "on-site" sign regulations.

We find that the sign as proposed meets these requirements, and the three conditions required by Section 24.04.251.6 of the Sign Code as set out below:

- 1) Impact on existing uses in surrounding areas: The immediate area is zoned LI Limited Industrial with commercial and office land uses. Permitting the requested sign should not adversely impact the existing uses or permitted uses on abutting sites.
- 2) Compatibility with existing or permitted uses on abutting sites: Monument signs are typically located in commercial office areas; the proposed off-site sign should be compatible with existing or permitted uses on abutting sites.
- 3) Effect on public health, safety or welfare: There will be no encroachment into public utility easements or right-of-way; therefore, there should be no impact on the public health, safety or welfare, nor will properties or improvements in the vicinity be materially injured.

Our signatures below indicate that a Sign Code Adjustment to permit an off-site sign on adjacent property is hereby granted, subject to the following conditions:

- 1) The sign shall comply with Section 24.04.251.2.j. of the Sign Code.
- 2) The sign shall conform to the location, size, and design of the approved elevation drawing and site plan.
- 3) If the Zoning Administrator finds that there is a violation of any of the conditions of the Zoning Adjustment, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Zoning Adjustment is null and void.

The "Development Application" sign should now be removed from the property.
