State of Kansas) SS We, Baughman Company, P.A., Surveyors in
Sedgwick County and State do hereby certify that we have surveyed
and platted "WOODLAND HILLS 2ND ADDITION", Sedgwick County, Kansas,
and that the accompanying plat is a true and correct exhibit of the
property surveyed, described as and being a replat of the east 747.95 feet
of Lot 9, Block A, Woodland Hills Addition, Sedgwick County, Kansas.

All being situated in the SE1/4 of Sec. 15, Twp. 27-S,
R-2-W of the 6th P.M., Sedgwick County, Kansas.
Existing public easements and dedications being
vacated by virtue of K.S.A. 12-512(b).
Baughman Co., P.A.

Michael G. Conrey
Michael G. Conrey, Surveyor
15-571 9-5-97

Know all men by these presents that we,
the undersigned, have caused the land in the surveyors certificate to
be platted into Lots, a Block, and a Street to be known as "WOODLAND
HILLS 2ND ADDITION", Sedgwick County, Kansas. The utility easements are
hereby granted as indicated for the construction and maintenance of
all public utilities. The street is hereby dedicated to and for the use
of the public. Each particular Contingent Street Dedication shown within
the individual Lots of this addition shall become effective and non-contingent
upon final City or County approval of a subdivision or replat of an affected
Lot to urban density standards (zoning classification SF-6), but only to
the extent such subdivision or replat expressly utilizes the Contingent
Street Dedication abutting the affected Lot for access to a public street.
Access controls shall be as depicted on the face of the plat.

RE: S/D 96-29 - Final Plat of WOODLAND HILLS 2ND ADDITION

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on October 17, 1996, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of October 10, 1996.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

RE: S/D 96-29 - Final Plat of WOODLAND HILLS 2ND ADDITION

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, October 10, 1996, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- A. ☒ The applicant shall provide a legal opinion from an attorney, indicating that the covenant restricting redevelopment of this site until urban scale uses are possible, can be voided at this time.
- B. ☒ Since neither municipal water nor sanitary sewer is available to serve this property, the applicant shall contact the Environmental Health Division of the Health Department to find out what tests may be necessary and what standards are to be met for approval of on-site sewerage facilities and water wells. A memorandum shall be obtained specifying approval.
- C. The applicant shall guarantee the installation of the interior street to the suburban, gravel standard. *ok by wda 12-4-97*
- D. The applicant shall guarantee any drainage improvements required by the platting of this property.
- E. ☒ On the final plat tracing, the MAPC signature block shall indicate John C. Frye as chairman.
- F. The applicant needs to resolve an apparent error in the spelling of the name shown on the plat and in the platting binder as to the site's ownership (Falkawski vs. Falkowski).
- G. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and

October 10, 1996

Page 2

approval of the Chief of the Fire Department.)

- H. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- I. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- J. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 30, Marquette, KS 67464 (913-546-2294) or Kansas Department of Wildlife and Parks, P. O. Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- K. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- L. Recording of the plat within 30 days after approval by the City Council and/or County Commission.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, October 17, 1996 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Don Losew
Senior Planner

STAFF REPORT

(Final Plat Approved 10/10/96, Revised Preliminary Approved 8/22/96, Preliminary Plat Deferred 5/23/96)

CASE NUMBER: S/D 96-29 WOODLAND HILLS 2ND ADDITION

OWNER/APPLICANT: Eugene A. Falkowski, 212 N. Market, Wichita, KS 67202

AGENT: Steve Stark, Fleeson, Gooing, Coulson & Kitch, 125 N. Market, Wichita, KS 67202

SURVEYOR/ENGINEER: Baughman Company, P.A., 315 Ellis, Wichita, KS 67211

LOCATION: West of 151st Street West and north of Central Avenue

SITE SIZE: 21.42 Acres

NUMBER OF LOTS

Residential: 4
Office:
Commercial:
Industrial:
Total: 4

MINIMUM LOT AREA: 5.1 Acres

CURRENT ZONING: "SF-20"

PROPOSED ZONING:

VICINITY MAP:

NOTE: As a condition of approval of the preliminary plat, the applicant was required to show how this area could be redeveloped into more typical urban densities as specified for this area by the Comprehensive Plan. At the August 22, 1996 meeting, it was agreed that a N-S street if extended from the end of the indicated cul-de-sac for Pine Circle would allow each lot to be further subdivided, in the future, by another short E-W cul-de-sac street being extended off of the "potential" N-S street(s). To allow for such a possible resubdivision of each of the four lots in this plat, it was required that contingent dedications be shown for such N-S streets and also the extension of Pine Circle to the western line of the plat. In addition, building setbacks from these contingent streets were also required so as to prevent structures from being located within areas that could interfere with these potential streets and thus a lot's resubdivision. This final appears to have satisfied those requirements.

Staff Comments

- A. The applicant shall provide a legal opinion from an attorney, indicating that the covenant restricting redevelopment of this site until urban scale uses are possible, can be voided at this time.
- B. Since neither municipal water nor sanitary sewer is available to serve this property, the applicant shall contact the Environmental Health Division of the Health Department to find out what tests may be necessary and what standards are to be met for approval of on-site sewerage facilities and water wells. A memorandum shall be obtained specifying approval.
- C. The applicant shall guarantee the installation of the interior street to the suburban, gravel standard.
- D. The applicant shall guarantee any drainage improvements required by the platting of this property.
- E. On the final plat tracing, the MAPC signature block shall indicate John C. Frye as chairman.
- F. The applicant needs to resolve an apparent error in the spelling of the name shown on the plat and in the platting binder as to the site's ownership (Falkawski vs. Falkowski).
- G. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- H. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- I. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.

- J. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 30, Marquette, KS 67464 (913-546-2294) or Kansas Department of Wildlife and Parks, P. O. Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- K. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- L. Recording of the plat within 30 days after approval by the City Council and/or County Commission.
