State of Kansas) SS
Sedgwick County) We, Baughman Company, P.A. Surveyors in
aforesaid County and State do hereby certify that we have surveyed and
platted "HIGHLAND SPRINGS ADDITION", Wichita, Sedgwick County, Kansas
and that the accompanying plat is a true and correct exhibit of the
property surveyed, described as follows:

A tract of land in the NE 1/4 of Section 23, T27S, R2W of the
6th P.M., Sedgwick County, Kansas and further described as
as follows: Beginning at the SE Corner of said NE 1/4; thence
N00°06'48"W along the East line of said NE 1/4, 1,322.04 feet;
thence S89°43'32"W, 675 feet; thence S00°06'48"E, 503.08 feet
to a point on a curve to the right; thence northwesterly along
said curve, having a central angle of 07°17'40" and a radius of
592 feet, an arc distance of 75.37 feet; (having a chord length
of 75.32 feet bearing N56°07'49"W); thence S34°42'33"W,
66.07 feet to a point on a curve to the right; thence northwesterly
along said curve, having a central angle of 06°17'50" and a radius
of 658 feet, an arc distance of 72.32 feet; (having a chord length
of 72.28 feet bearing N49°36'58"W) to the P.R.C. of a curve to the
left; thence northwesterly and westerly along said curve, having a
central angle of 43°46'12" and a radius of 217 feet, an arc distance
of 165.77 feet; (having a chord length of 161.77 feet bearing
N68°21'09"W); to the P.T. of said curve; thence S89°45'45"W,
117.79 feet; thence S30°38'28"W, 146.14 feet to the P.C. of a
curve to the right; thence southerly and southwesterly along said
curve, having a central angle of 41°49'57" and a radius of
240.79 feet, an arc distance of 175.80 feet; (having a chord
length of 171.93 feet bearing S20°40'44"W); to the P.T. of said
curve; thence S41°35'42"W, 3.02 feet; thence S48°53'00"E,
466.63 feet; thence S48°44'18"E, 296.52 feet; thence
S41°35'42"W, 160.34 feet to a point on the south line of said
NE 1/4; thence N89°52'09"E, 769.17 feet to the point of beginning.

Existing public easements and dedications being vacated
by virtue of K.S.A. 12-512(b).
Baughman Company, P.A.

Michael G. Conrey, Surveyor
Michael G. Conrey

Know all men by these presents that we,
the undersigned, have caused the land in the surveyors certificate to be
platted into Lots, Blocks, Streets, and Reserves to be known as
"HIGHLAND SPRINGS ADDITION", Wichita, Sedgwick County, Kansas. The
utility easements are hereby granted as indicated for the construction
and maintenance of all public utilities. The drainage and utility easements
are hereby granted as indicated for drainage purposes and for the
construction and maintenance of all public utilities. The drainage and
pedestrian access easement is hereby granted as indicated for drainage
purposes and for pedestrian access purposes to or from Reserve "A", and
no fences or other obstructions shall be constructed or placed on or within
this easement. The utility and pedestrian access easement is hereby granted
as indicated for the construction and maintenance of all public utilities and
for pedestrian access purposes to or from Reserve "A", and no fences or
other obstructions shall be constructed or placed on or within this easement.
The wall easements are hereby granted as indicated for the construction
and maintenance of a private wall and utility main lines and service lines
shall be allowed to cross these easements. The streets are hereby dedicated
to and for the use of public. Reserve "A" is hereby reserved for drainage
purposes, landscaping, berms, open space, recreational areas, sidewalks,
utilities as confined to easements, and pipelines as confined to easement.
Reserve "B" is hereby reserved for landscaping, entry monuments, berms,
open space, signage, and sidewalks and utilities as confined to easement.
Reserve "C" is hereby reserved for landscaping entry monuments, streets,
utilities, and signage. Reserves "A", "B", and "C" shall be owned and
maintained by the homeowners association for the addition. All abutters
rights of access to or from 135th Street West over and across the east line
of Lots 21, 22, 23, 24, 25, and 26, Block A, and the east line of Lots 2, 3,
4, 5, and 6, Block C and the east line of Reserve "A" and Reserve "B" are
hereby granted to the City of Wichita, Kansas. The Minimum Building Pad
Elevations for the lowest opening to the structures shall be as shown on
the face of the plat.

Re: S/D 96-72 - Final Plat of HIGHLAND SPRINGS ADDITION

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on July 31, 1997, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of July 25, 1997.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Keith Gooch
Current Plans Division

Re: S/D 96-72 - FINAL PLAT OF HIGHLAND SPRINGS

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, July 24, 1997, the above captioned plat was considered. The action of the Committee was to approve the plat, subject to the following:

- A. ☒ Prior to this plat being submitted for consideration by the City Council, this site shall have been annexed to the City of Wichita. Annexation will allow for the lot sizes being platted. Annexation to Wichita has been completed.
- B. ☒ The applicant shall guarantee the extension of sanitary sewer to serve the lots being served.
- C. ☒ The applicant shall guarantee the extension of water service to serve the lot being served.
- D. ☒ Per the perimeter street paving policy, guarantees for an overlay shall be provided for improvements to 135 Street West from Central to Highland Springs.
- E. ☒ The applicant shall guarantee the paving of the proposed interior streets. Highland Springs shall be paved to a collector street status. An alternate sidewalk plan can be submitted for approval by the Director of Planning provided consistent access is provided to the reserves from the street. Agreement has been reached on a sidewalk plan.
- F. ☒ City Engineering indicates a guarantee is needed for a left turn lane at Highland Springs and 135th Street.
- G. ☒ City Engineering approved the applicant's drainage plan. City Engineering approved the minimum pad elevation shown on plat. City Engineering is requesting a drainage guarantee.
- H. ☒ The applicant shall guarantee the construction of any drainage improvements required by the platting of this property, including storm sewers.

- I. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- J. An indication that the pipeline crossing this site has been confined shall be submitted with the final tracing.
- K. The applicant shall provide proof that the Koch pipeline easement shown on the plat is sufficient, and that utilities may be located adjacent to and within the easement. Any relocation, or lowering or encasement of the pipeline, required by this development, will not be at the expense of the City.
- L. Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to the recording of the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities.
- M. For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant to the City of Wichita, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by a method similar to special assessments.
- N. For any Reserves indicated as involving structures building setbacks shall also be indicated to any adjacent streets.
- O. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- P. Shady Shores Circle and Highland Shores Circle should be Highland Springs Court.
- Q. A platting binder shall be submitted prior to City Council consideration.
- R. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- S. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- T. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (316-729-0102) prior to development of the plat so that the type of delivery, and

the tentative mailbox locations can be determined.

- U. The applicant is advised that various State and Federal requirements for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements (Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 30, Marquette Kansas, 67464, 913-546-2294 or Kansas Department of Wildlife and Parks)
- V. The representatives from the utility companies should be prepared to comment on the need for utility easements to be platted on this property. In particular, an easement was requested between Lots 7 and 8, Block B, that does not appear on this final. Attached are the additional utility easement requests by KG&E.
- W. Perimeter closure computations should be submitted with the final plat tracing.
- X. Recording of the plat within 30 days after approval by the City Council.
- Y. ☒ The applicant shall provide proof of payment of second half of the year taxes.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, July 31, 1997 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Dale Miller
Chief Planner, Current Plans Division
