RE: S/D 96-3, Final Plat of KENSINGTON GARDENS

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on December 5, 1996, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of November 21, 1996.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew

RE: S/D 96-3, Final Plat of KENSINGTON GARDENS

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, November 21, 1996, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- DM A - For Mark Savoy 11/14/96 - request should be submitted by 11/17/97
- A. Prior to this plat being scheduled for City Council review, the applicant shall have requested annexation to Wichita.
- DM B. The applicant shall guarantee the extension of City water to serve the lots being platted. As noted by City Engineering, this guarantee will be for an extension off of a water main and is needed both to provide water service and fire protection for this site.
- DM C. The applicant shall guarantee the extension of sanitary sewer to serve the site being platted. As noted by City Engineering, the applicant should contact Engineering to discuss such improvements including participation in a planned lift station.
- DM D. As requested by County Engineering, the applicant shall guarantee a left-turn improvement in 21st Street North to serve this site. *DM note: call 11/16/97 - by 5 working w/ app'l. engineer - may not need dedicated bike lane rule. But should discuss it with City Eng. - He will let it know if still any problems. I told him I'll send BOCC - as long as he fills out & will sign at BOCC.*
- DM E. The applicant shall guarantee any drainage improvements required by the platting of this BOCC property. Such improvements may be due at the time of site development. *DM note: if having problems, call 11/16/97.*
- DM F. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- DM G. The final plat tracing shall state in the platlor's text the purposes of the proposed reserves as well as who is to own and maintain the reserves. It is expected that ownership of the Reserve will be tied to Lot 1 of this Addition. In indicating the purpose or uses of the Reserve, the applicant should be careful to fully describe those uses typically associated with a cemetery; including such features as monuments, fountains, vaults, crypts, etc. Also, as

noted by City Engineering, drainage uses and/or easements need to be indicated for the Reserve.

- ~~H.~~ If structures of any type are included in the uses to be allowed in Reserve A, building setbacks, such as shown for Lot 1, shall also be platted in the Reserve from the adjacent streets.
- ~~I.~~ As required by County Engineering, the final plat shall indicate 500 feet of complete access control to Greenwich Road, from the north line of the plat.
- ~~J.~~ As noted by City Engineering, a minimum building pad elevation shall be required for Lot 1 and the final plat tracing shall indicate such elevation both on the face of the plat and in the plat's text. Also, both on-site and off-site benchmarks shall be shown on the final plat tracing.
- ~~K.~~ The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- L. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- M. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 30, Marquette, KS 67464 (913-546-2294) or Kansas Department of Wildlife and Parks, P. O. Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- N. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- O. Recording of the plat within 30 days after approval by the City Council and/or County Commission.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, December 5, 1996 at 1:30 p.m. If you have any questions concerning this matter, please call.

11/20/96

Sincerely,
