

O'REILLY 2ND ADDITION

WICHITA, SEDGWICK COUNTY, KANSAS

Copied from Tracing
12/24/96

State of Kansas) SS We, Baughman Company, P.A., Surveyors in
Sedgwick County) aforesaid County and State do hereby certify that we have surveyed
and platted "O'REILLY 2ND ADDITION", Wichita, Sedgwick County, Kansas,
and that the accompanying plat is a true and correct exhibit of the
property surveyed, described as and being a replat of Lot 1, Parker
Pawnee Trust Second Addition, Wichita, Kansas, Sedgwick County, Kansas,
TOGETHER with the north 65 feet of Lot 1, Parker Pawnee Trust
Addition, Wichita, Kansas, Sedgwick County, Kansas.

Existing public easements and dedications being vacated by virtue
of K.S.A. 12-512(b).
Baughman Co., P.A.

This plat of "O'REILLY 2ND ADDITION", Wichita,
Sedgwick County, Kansas has been submitted to and approved by the
Wichita, Sedgwick County Metropolitan Area Planning Commission,
Wichita, Kansas.
Dated this 21st day of November, 1996
Wichita-Sedgwick County Metropolitan Area Planning Commission

Chairman
John C. Frye

Secretary
Marvin S. Krout

This plat approved and all dedications
shown hereon accepted by the City Council of the City of Wichita,
Kansas, this ____ day of ____, 199__

Mayor
Bob Knight

City Clerk
Pat Burnett

Entered on transfer record this ____ day
of ____, 199__

County Clerk
Susan E. Crockett-Spoon

Know all men by these presents that we,
the undersigned, have caused the land in the surveyors certificate
to be platted into a Lot to be known as "O'REILLY 2ND ADDITION",
Wichita, Sedgwick County, Kansas. The utility easements are hereby
granted as indicated for the construction and maintenance of all public
utilities. All abutters rights of access to or from Pawnee Avenue over
and across the north line of Lot 1 are hereby granted to the City of
Wichita, Kansas provided, however, that said Lot 1 shall have access
to Pawnee Avenue at one location over all except the west 100 feet
of said north line as shall be determined by the City Engineer of the
City of Wichita, Kansas.

Re: S/D 96-76 O'REILLY 2ND ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on November 14, 1996, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of November 7, 1996.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

Re: S/D 96-76 O'REILLY 2ND ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, November 7, 1996, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- not done*

A. As noted by City Engineering, the applicant shall guarantee the abandonment and relocation of sanitary sewer. The existing line shall be covered by a Temporary Easement submitted to Planning for recording with the plat.
- not done*

B. For the area of the relocated sewer line, additional on-site or off-site easement shall be provided to create a 20-foot utility easement. In particular, additional easement will be required along the south line of this plat and possibly along the east line.
Not indicated on plat, CE would like this indicated on plat

Also, guarantees shall be provided for extension of municipal water along El Rancho adjacent to this site. Such an extension will apparently be needed to provide adequate fire protection to the site.
- not done*

C. The applicant shall guarantee the closure of any driveways in excess of the number allowed by the dedication of access controls.
- not done*

D. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- not done*

E. On the final plat, access control to Pawnee Avenue may be indicated as one opening across any portion of the site's frontage to Pawnee. That is, the area of 100 feet of complete access control is typically only required when the intersection of arterials and/or collector type streets are involved.
- not done*

F. Based upon setback requirements of the Subdivision Regulations, El Rancho Road being a "side" type street would only require a 20-foot building setback to be indicated from that street. If the applicant chooses, the final plat may indicate only a 20-foot setback to El Rancho Road.

- F. On the final plat tracing for the apparent tie point to the site's northeast corner, a dimension needs to be shown for the east-west distance from the CL of Hillside to that corner.
- G. *Plat binder, submitted 11/21/96*
Both the plat binder and the existing plat reference "private" driveway or access easements. The present plat no longer shows such easements on the property. Depending on who benefits from such easements, this or these easements could still need to be shown on the plat. The agent, therefore, needs to verify that any such easement(s) have been properly released by a benefitting party or that this site was itself the benefitting party and is therefore releasing its interest in such easement(s).
- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.) The applicant is advised that for fire protection, water may be required to be extended along El Rancho Road.
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- J. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- K. Recording of the plat within 30 days after approval by the City Council and/or County Commission.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, November 14, at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Don Losew
Senior Planner
