Re: S/D 96-88 One Step Combined Preliminary Final Plat - WILLOWOOD ESTATES

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on December 19, 1996, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of December 12, 1996.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council and/or County Commission for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

Re: S/D 96-88 One Step Combined Preliminary Final Plat - WILLOWOOD ESTATES

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, December 12, 1996, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

(A) The applicant shall guarantee any drainage improvements required by the platting of this property. On the original plat of this area (Emery Park), a Reserve was platted for drainage and minimum building pad elevations were shown. Prior to submitting the final plat tracing, the applicant shall meet with City Engineering to determine if these requirements still apply to this replat.

(B) Prior to submitting the final plat tracing, the applicant shall meet with Traffic Engineering to determine any requirements for the closing and/or reconstruction of medial areas in MacArthur adjacent to this site. As determined necessary, the applicant shall guarantee any such improvements.

- See also ?

G. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.

D. On the final plat tracing, the platlor's text shall note the dedication of access controls to MacArthur.

Also, the granting of any easements, establishment of minimum building pad elevations, etc. required on the final plat tracing shall also be referenced in the platlor's text.

(E) Because of the related vacation case for Minnesota (V-2009), this plat will be scheduled for City Council the same date the vacation is to be heard. The applicant is therefore advised that completion of this plat will be subject to completion of this associated vacation case.

- F. If required, minimum building pad elevations shall be shown on the face of the plat and also referenced in the plat's text. Also, both on-site and off-site benchmarks shall be indicated.
- G. The applicant shall submit with the final plat tracing, for review and approval a final site development plan. This plan shall provide all the information noted in Section 5-302(E) of the Subdivision Regulations. Further, as required by the zoning change approval, this development shall also clearly indicate the required wall and/or fence screening along MacArthur Road.
- H. Any relocation, lowering or encasement of the pipeline, made necessary by this development, will not be at the expense of the City.
- I. On the final plat tracing, the MAPC signature block shall be corrected to read Metropolitan Area Planning Commission (i.e., add underlined words). MacArthur Road should also be properly spelled.
- J. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- K. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- L. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 30, Marquette, KS 67464 (913-546-2294) or Kansas Department of Wildlife and Parks, P. O. Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- M. In accordance with Section 16.04.040 - Permit Fees Item 2a,b (Ord. 42-583) and Section 17.12.065 - payment for connection to water system for properties not included in benefit districts (Ord. 42-584), this property may or may not have been included in a benefit district. The applicant/agent should contact Betty Roark, with OCI at 268-4341 and Chuck Steven, Water & Sewer at 268-4555, to determine whether assessments are due.
- N. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- O. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).

S/D 96 - 88 - One Step Combine Preliminary Final Plat WILLOWOOD STATES
December 12, 1996

Page 3

- ☒ Recording of the plat within 30 days after approval by the City Council and/or County Commission.
- ☒ The final plat shall indicate the utility easements requested by K.G. & E. which are indicated on the enclosed "marked" copy of the plat.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, December 19, 1996 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Don Losew
Senior Planner

STAFF COMMENTS:

- A. The applicant shall guarantee any drainage improvements required by the platting of this property. On the original plat of this area (Emery Park), a Reserve was platted for drainage and minimum building pad elevations were shown. Prior to submitting the final plat tracing, the applicant shall meet with City Engineering to determine if these requirements still apply to this replat.
- B. Prior to submitting the final plat tracing, the applicant shall meet with Traffic Engineering to determine any requirements for the closing and/or reconstruction of medial areas in MacArthur adjacent to this site. As determined necessary, the applicant shall guarantee any such improvements.
- C. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- D. On the final plat tracing, the platlor's text shall note the dedication of access controls to MacArthur.

Also, the granting of any easements, establishment of minimum building pad elevations, etc. required on the final plat tracing shall also be referenced in the platlor's text.

- E. Because of the related vacation case for Minnesota (V-2009), this plat will be scheduled for City Council the same date the vacation is to be heard. The applicant is therefore advised that completion of this plat will be subject to completion of this associated vacation case.
- F. If required, minimum building pad elevations shall be shown on the face of the plat and also referenced in the platlor's text. Also, both on-site and off-site benchmarks shall be indicated.
- G. The applicant shall submit with the final plat tracing, for review and approval a final site development plan. This plan shall provide all the information noted in Section 5-302(E) of the Subdivision Regulations. Further, as required by the zoning change approval, this development shall also clearly indicate the required wall and/or fence screening along MacArthur Road.
- H. Any relocation, lowering or encasement of the pipeline, made necessary by this development, will not be at the expense of the City.
- I. On the final plat tracing, the MAPC signature block shall be corrected to read Metropolitan Area Planning Commission (i.e., add underlined words). MacArthur Road should also be properly spelled.
- J. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- K. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.

- L. The applicant is advised that various State and Federal requirements [specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 30, Marquette, KS 67464 (913-546-2294) or Kansas Department of Wildlife and Parks, P. O. Box 317, Valley Center, KS 67147] for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- M. In accordance with Section 16.04.040 - Permit Fees Item 2a,b (Ord. 42-583) and Section 17.12.065 - payment for connection to water system for properties not included in benefit districts (Ord. 42-584), this property may or may not have been included in a benefit district. The applicant/agent should contact Betty Roark, with OCI at 268-4341 and Chuck Steven, Water & Sewer at 268-4555, to determine whether assessments are due.
- N. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- O. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- P. Recording of the plat within 30 days after approval by the City Council and/or County Commission.
- Q. The final plat shall indicate the utility easements requested by K.G.& E. which are indicated on the enclosed "marked" copy of the plat.
