Re: S/D 95-77 CAPITAL 2ND ADDITION (Final Plat)

Dear Sir:

At the regular meeting of the Metropolitan Area Planning Commission on December 14, 1995, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of December 7, 1995.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

Re: S/D 95-77 CAPITAL 2ND ADDITION (Final Plat)

Dear Sir:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, December 7, 1995, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- A. In regard to existing petitions, do these petitions need to be abandoned or amended. Also, are any projects needing to be abandoned and are any costs involved. Based upon existing facilities, it does appear that new petitions for sanitary sewer will be required to serve several of the lots now being platted. A guarantee for sanitary sewer extension will be required.

The applicant shall submit a document which respreads the existing specials.

- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. On the final plat tracing, the reference to a "Tract 2:" in the legal description appears to be referring to a lot split tract. In any case, this reference to a tract does not seem to be an appropriate portion of the legal description and should be deleted.
- D. The applicant shall submit an avigational easement covering all of subject plat and a restrictive covenant assuring that adequate construction methods will be used to minimize the effects of noise pollution in the habitable structures constructed on subject property.
- E. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- F. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of

File Copy

Page 2

the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.

- G. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- H. Recording of the plat within 30 days after approval by the City Council.
- I. The drainage plan is approved; a cross-lot drainage easement will be required. Drainage improvements will be installed at the time of site development.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, December 14, 1995 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

Don Losew
Senior Planner

METROPOLITAN AREA PLANNING COMMISSION

December 14, 1995

STAFF REPORT
(Final Plat Approved 12/7/95)

CASE NUMBER: S/D 95-77 CAPITAL 2ND ADDITION

OWNER/APPLICANT: WK Capital Enterprises, Inc., c/o Sharol Rasberry, P. O. Box 3358, WICHITA, KS 67201

AGENT: George Sherman, Agent, 8609 Stoneridge, WICHITA, KS 67206

OWNER: Dr. Robert D. Smith, D.D.S. and Dr. Joan C. Loehr, D. D. S., 4624 E. Kellogg, Wichita, KS 67218

SURVEYOR/ENGINEER: P.E.C., P.A., c/o Gary Wiley, 303 S. Topeka, WICHITA, KS 67202

LOCATION: South of 13th Street North and west of Rock Road

SITE SIZE: 4.47 ± Acres

NUMBER OF LOTS

Residential: _____

Office: _____

Commercial: 3

Industrial: _____

Total: 3

MINIMUM LOT AREA: 24,760 Sq. ft.

CURRENT ZONING: "BB"

VICINITY MAP:

NOTE: This plat is a replat of a portion of a previous replat of an original plat. In addition, several lot splits, vacations and dedications by separate instruments have occurred within this site. Consequently, the development of this area is basically an unclear mess for which no clear explanation can be provided in a reasonably coherent manner. Nonetheless, it appears for now that the intentions are to reconfigure the present platted lots into fewer building sites, with one larger building site involving portions of these lots having been previously reconfigured into a building site by means of a lot split.

STAFF COMMENTS:

- A. In regard to existing petitions, do these petitions need to be abandoned or amended. Also, are any projects needing to be abandoned and are any costs involved. Based upon existing facilities, it does appear that new petitions for sanitary sewer will be required to serve several of the lots now being platted. A guarantee for sanitary sewer extension will be required.

The applicant shall submit a document which respreads the existing specials.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. On the final plat tracing, the reference to a "Tract 2:" in the legal description appears to be referring to a lot split tract. In any case, this reference to a tract does not seem to be an appropriate portion of the legal description and should be deleted.
- D. The applicant shall submit an avigational easement covering all of subject plat and a restrictive covenant assuring that adequate construction methods will be used to minimize the effects of noise pollution in the habitable structures constructed on subject property.
- E. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- F. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- G. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- H. Recording of the plat within 30 days after approval by the City Council.
- I. The drainage plan is approved; a cross-lot drainage easement will be required. Drainage improvements will be installed at the time of site development.

Note: This plat has been submitted in final form only.
