Re: S/D 94-72 - MEADOW OAKS SECOND ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on August 17, 1995, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of August 10, 1995.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Re: S/D 94-72 - MEADOW OAKS SECOND ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, August 10, 1995, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- B. The applicant shall guarantee the extension of City water to serve the lots being platted.
- C. The applicant shall guarantee any drainage improvements including storm sewers, required by the platting of this property.
- D. The applicant shall guarantee the paving of the proposed interior streets.
- E. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- F. Provisions shall be made for ownership and maintenance of the proposed reserve. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserve will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities. This covenant shall also note that the homeowner is association will be responsible for maintaining the "parking strip" located between the north line of this plat and the paved surface of 29th Street North.
- G. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.

- ~~H.~~ On the final plat tracing, the platlor's text shall note the platting of the wall easement and that utilities may cross this easement.
- ~~I.~~ The platlor's text shall also note on the final plat tracing that the dedication of access control to 29th Street North from the abutting lots is to the City of Wichita rather than "the appropriate governing body". This site is already within Wichita.
- ~~J.~~ Since this is a replat, proper reference to KSA 12-512(b) as amended, shall be noted in the surveyor's text as to the vacation of easements, setbacks, etc. The plat presently has placed this statement in the platlor's text.
- ~~K.~~ Since minimum building pad-elevations are required for this Addition, such elevations shall also be noted on the face of the plat. These elevations shall be shown in both mean sea level and City Datum.
- ~~L.~~ The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- ~~M.~~ The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- ~~N~~ To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- ~~O.~~ The final plat tracing shall indicate the utility easements requested by K.G.& E. which were indicated on the "marked" copy of the plat provided after approval of the preliminary plat.
- ~~P.~~ Based on the platting binder, the final plat tracing shall provide for signatures (platting approvals) by both Critchfield Real Estates and the State Bank of Colwich as holders of mortgages on this site.
- ~~Q.~~ Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- ~~R.~~ Recording of the plat within 30 days after approval by the City Council.
- ~~S.~~ The final plat shall indicate the utility easements requested by K.G.& E. which are indicated on the enclosed "marked" copy of the plat.
- ~~T.~~ On the final plat tracing, the Mayor's signature block shall indicate Bob Knigh as Mayor.

If this plat requires the guaranteeing of improvements a list of the five methods which have been

adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.
