Re: S/D 95-29 DUGAN CENTRE THIRD ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on May 11, 1995, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of May 4, 1995.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

Re: S/D 95-29 DUGAN CENTRE THIRD ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, May 4, 1995, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

Ph. 1. Measure — no items that affect platting — only s.d. ft. as possible

- ☒ A. This plat will be subject to approval of the CUP and any relevant conditions (adjustments if any pertaining to platting requirements).
- ☒ B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted. Any needed easements shall also be provided.
- ☒ C. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- ☒ D. On the final plat tracing, the face of the plat shall indicate the presence of Kellogg Drive and Kellogg adjacent to the south end of this plat. It shall also be indicated that complete access control exist between Kellogg Drive and Kellogg.
- ☒ E. A preliminary review of the CUP indicates that this site is expected to have only one (1) allowed opening to Taft. Both the face of the plat and platting's text shall note this dedication of such access control.
- ☒ F. In regard to building setbacks, the CUP is indicating a 60-foot setback along the east line of Lot 1 and a "stepped" typed setback along the north line. If these are the setbacks for the approved CUP, the final plat tracing shall also plat such setbacks.
- ☒ G. The platting of minimum building pad elevations shall also be shown on the face of the final plat tracing. Such information is typically included below the north arrow.
- ☒ H. The final plat tracing shall show the recording information for the access easement. This is a private easement and shall be recorded by the applicant with a copy of the recorded

Made with Recycled Paper

easement submitted to Planning for the plat file.

0
In regard to the existing access easement, this is not a public easement and cannot be vacated by this replat. The applicant shall submit documentation that all parties benefitting from or involved in this access easement are agreeable to the proposed changes. That is, a release of this easement needs to be obtained, with proof of such a release being provided to Planning.

1.
Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities.

2.
For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant, to the City, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by a method similar to special assessments.

K
Prior to this plat being released for recording, proof shall be provided that all applicable property taxes have been paid. At this time, the platting binder indicates outstanding 1994 taxes of over \$12,000.

L
The applicant shall submit an avigational easement covering all of subject plat and a restrictive covenant assuring that adequate construction methods will be used to minimize the effects of noise pollution in the habitable structures constructed on subject property.

M.
As requested by KG&E-Gas, the 20-foot easement along the east line of this plat shall be extended across Reserve A.

N.
The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)

O.
The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.

P.
Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).

Q
Recording of the plat within 30 days after approval by the City Council.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, May 11, 1995 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,
