Re: S/D 95-62 BORROR ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on September 14, 1995, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of September 7, 1995.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developments.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

Re: S/D 95-62 BORROR ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, September 7, 1995, the above captioned plat was considered. The action of the Committee was to recommend that this plat be approved subject to:

- (A) Prior to this plat being released for recording, the applicant shall provide proof that the parties signing the plat have acquired title to the property. At this time, the plat/title binder indicates another party.
- B. The final plat shall reference a tie point to a previously platted lot corner or section corner.
- C. Based upon the proximity of an existing house to this plat's southern line, a 10-foot building setback shall be platted along this Addition's south lot line. Such building setback need not extend the full depth of the lot, but only in the area of the house on the adjacent lot, with a six (6) foot setback along the remaining portion. This setback is needed to assure appropriate separation of structures between the two sites.
- D. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- E. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- F. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-729-0102) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.

S/D 95 - 62 - Borrer Addition Final Plat

September 7, 1995

Page 2

- G- Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- H- Recording of the plat within 30 days after approval by the City Council.

If this plat requires the guaranteeing of improvements a list of the five methods which have been adopted as being acceptable is available through the Planning Department. Also, certificates which are required if petitions are submitted and forms for the bond and irrevocable Letter of Credit are also available from this office.

The enclosed "marked" copy of the final plat is for your information and files.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, September 14, 1995 at 1:30 p.m. If you have any questions concerning this matter, please call.

Sincerely,

A handwritten signature in black ink that reads "Don Losew". The signature is written in a cursive, flowing style.
