Re: S/D 94-43 FRIENDS UNIVERSITY ADDITION - (Final Plat)

Dear Mr. Meyer:

At the regular meeting of the Metropolitan Area Planning Commission on June 30, 1994, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of June 24, 1994.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

10-14 Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.

#16-2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.

3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Don Losew
Senior Planner

Mike Lindebak, City Engineer

indicate additional public easements for certain facilities not being abandoned or relocated. In terms of a gas line, a letter needs to be submitted from KG&E-Gas indicating that satisfactory arrangements have been made to abandon such a line.

- M. The applicant is advised that certain improvements, as discussed with the Fire Department, needs to be provided by the applicant in order to provide acceptable emergency access to this site's existing and/or planned buildings.

LOCATION: South of Maple and east of Meridian

SITE SIZE: 7.5 Acres

NUMBER OF LOTS

Residential:	1 (Campus)
Office:	
Commercial:	
Industrial:	
Total:	<u>1</u>

MINIMUM LOT AREA: 7.5 Acres

CURRENT ZONING: "LC" & "B"

VICINITY MAP:

STAFF COMMENTS:

- A. The applicant shall guarantee the relocation or abandonment of municipal facilities (water lines, sewer lines, drainage facilities, etc.) made necessary by this replat.

Also as indicated by City Engineering, additional public easements need to be provided for certain facilities not being relocated or abandoned.

- B. The applicant shall also guarantee the closure or reconstruction of driveways, street openings and alley openings being impacted by this replat. Specifically, the street opening to Maple for Bonn, the street opening for Mentor to Hiram, and the alley opening to Hiram should as required by Engineering be closed or reconstructed to a private type standard. Also, the driveways to Maple in the area of complete access control need to be closed with curb, gutter and associated improvements guaranteed.
- C. The applicant shall guarantee any drainage improvements required by the platting of this property.
- D. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- E. On the final plat tracing, the platting text shall reference the dedication of access controls to Maple.
- F. The final plat shall indicate the platting of the 25-foot building setback from Maple through the existing buildings which encroach into the setback area. Central Inspection has advised that the platting of this building setback does not preclude the property owner from maintaining or remodeling that portion of the buildings within the setback area. The buildings cannot, however, be enlarged within the setback and, if the buildings are removed, any new building construction must observe the platted building setback.
- G. As indicated in the platting binder, title for certain of the lots in the area of Maple and Hiram are still being researched. Prior to this plat being released for recording clear ownership of these lots by Friends University shall be established.
- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- J. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- K. Recording of the plat within 30 days after approval by the City Council.
- L. As indicated by the utilities (KG&E-Gas, Southwestern Bell) the final plat tracing needs to
