Re: S/D 94-14 - PIONEER BALLOON ADDITION (Final Plat)

Dear Mr. Allison:

At the regular meeting of the Metropolitan Area Planning Commission on May 5, 1994, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of April 29, 1994.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

S/D 94-14 PIONEER BALLOON ADDITION Final Plat

May 5, 1994 - Page 3

- O. As noted by City Engineering, the Floodways being shown on this plat do not conform to requirements presently indicated by FEMA maps. Prior to this plat being submitted for City Council review, the applicant shall obtain any needed revisions in FEMA's floodway maps. City Engineering will need to confirm the acceptability of such revisions and the floodway(s) as shown on this plat or the final plat tracing.**

METROPOLITAN AREA PLANNING COMMISSION

AGENDA ITEM NO. 1-6

May 5, 1994

STAFF REPORT

(Final Plat Approved 4/28/94, Preliminary Plat Approved 3/17/94)

CASE NUMBER: S/D 94-14 PIONEER BALLOON ADDITION

OWNER/APPLICANT: Pioneer Balloon Company, 555 N. Woodlawn, Wichita, KS 67208
and Carol J. Darrah, P. O. Box 68063, Wichita, KS 67208

SURVEYOR/ENGINEER: Yung Design Group, c/o Terry Smythe, 4912 E. 29th St. N., Wichita, KS 67220
and Mid Kansas Engineering Consultants, 3500 N. Rock Road, Wichita, KS 67226

LOCATION: North of 29th Street North and east of Oliver

SITE SIZE: 29.3 Acres

NUMBER OF LOTS

Residential:	
Office:	
Commercial:	1
Industrial:	
Total:	1

MINIMUM LOT AREA: 29.3 Acres

CURRENT ZONING: "AA"

PROPOSED ZONING: "BB" (Z-3123)

VICINITY MAP:

STAFF COMMENTS:

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- B. The applicant shall guarantee any drainage improvements required by the platting of this property. Such improvements may be provided at the time of site development.
- C. As requested by Traffic Engineering, the applicant shall submit a guarantee for the installation in 29th Street North of a left-turn lane and decel lane. These improvements will be needed until such time as 29th Street is improved to a four (4) lane facility.
- D. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- E. As required by the zone change approval, the final plat tracing shall show on the face of the plat Reserves for open space and the platlor's text shall also reference the purpose of such Reserves and that they will be owned and maintained by the owners of Lot 1 (Pioneer Balloon Addition). Specifically, the plat shall show a minimum Reserve of: 100 feet along the south line, of 50 feet along the east line, and 30 feet along the north line.
- F. The final plat tracing shall also show a minimum building setback of 100 feet along the north, south, and east property lines. If these setbacks correspond to Reserve and/or floodway boundaries, the plat shall note that any such sections are for all three purposes.
- G. As required of the zone change, the applicant shall submit with the final plat tracing a covenant restricting the size and height of development that will be allowed on this site.
- H. On the final plat tracing, it shall be noted that the minimum pad elevation is for the "lowest" floor. Also, both on-site and off-site benchmarks must be indicated. If a lowest opening elevation is desired, City Engineering will need to approve such a designation.
- I. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- J. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- K. On the final plat tracing, the word "Complete" shall be deleted from the face of the plat, where access is being shown to 29th Street North.
- L. Unless easements are granted, the reference to such easements shall be delated from the platlor's text.
- M. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- N. Recording of the plat within 30 days after approval by the City Council.
