

STAFF COMMENTS:

- A. The applicant shall attempt to obtain a valid paving petition for Victoria Street from 47th St. South to 49th St. South. The Jo Herdt Addition immediately to the south of this site was requested to obtain a similar guarantee but apparently failed to obtain a valid petition. The Overholt Addition, located south of the Joe Herdt Addition did submit a paving guarantee for Victoria but this was in 1967. Both as an urban street and as the means of access for industrial or non-residential uses, this street, as required by the Subdivision Regulations, should be paved.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. Unless approved by Traffic Engineering, the final plat tracing shall indicate only one opening to 47th St. South. The applicant should meet with Traffic Engineering to discuss any development plans indicating the need for more than one opening.
- D. As indicated by the platting binder for this site, property taxes are due. Prior to this plat being released for recording, proof shall be provided indicating that all due property taxes have been paid.
- E. On the final plat tracing, the MAPC signature block shall be amended to indicate Christopher J. Goebel as chairman.
- F. As requested by Southwestern Bell Telephone, the final plat tracing shall indicate a 10-foot utility along the west line of this plat.
- G. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- H. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- I. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- J. Recording of the plat within 30 days after approval by the City Council.

Note: This plat has been submitted in final form only.

METROPOLITAN AREA PLANNING COMMISSION

Baughman Company, P. A.
315 Ellis
Wichita, KS 67211Re: S/D 92-21 GOOD SHEPHERD LUTHERAN CHURCH ADDITION (Final
Plat)

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on June 18, 1992, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of June 12, 1992.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

Date

Gregory F. Severns
Surveyor

Know all men by these presents that we,
the undersigned, have caused the land described in the surveyors cer-
tificate to be platted into a lot and streets to be known as "GOOD
SHEPHERD LUTHERAN CHURCH ADDITION", Wichita, Sedgwick County,
Kansas. All abutters rights of access to or from 47th St. So. over
and across the north line of Lot 1 are hereby granted to the City of
Wichita; provided however, that Lot 1 shall have access to 47th St.
So. at two locations as shall be determined by the City Engineer of
the City of Wichita, Kansas. The streets are hereby dedicated to and
for the use of the public.
