

STAFF COMMENTS:

- A. Prior to this plat being scheduled for City Council review, the applicant shall request annexation to the City of Wichita for any portion of the site not yet within the City. Upon annexation the site will be zoned "AA" One Family.
- B. The applicant shall either guarantee the extension of a public sanitary sewer to serve the lots being platted or if a private system is to be provided a memo shall be obtained from City Engineering and/or the Sewer Division indicating approval of such a private system. This memo shall be submitted to Planning for the plat file. Since the extension of sewer will apparently require an off site easement, the applicant shall either submit with the final plat a copy of the separate instrument that has established this easement, or if not yet established the document shall be submitted to Planning, for recording, with the final plat tracing.
- C. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- D. Provision shall be made for ownership and maintenance of the proposed reserve. Since the applicant intends for the reserve to be owned and maintained by the owner of Lot 1, Ogden Addition, a restrictive covenant stating this intention shall be submitted for recording with the plat. The text of the needed covenant shall specify that the terms of the covenant run with the land and are binding on future owners and assigns.
- E. For those reserves being platted for drainage purposes, the required covenant which provides for ownership and maintenance of the reserves shall grant, to the City, the authority to maintain the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by a method similar to special assessments.
- F. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- G. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- H. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- I. Recording of the plat within 30 days after approval by the City Council.

Re: S/D 91-40 - Ogden Addition

Dear Rob:

At the regular meeting of the Metropolitan Area Planning Commission on October 10, 1991, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of October 8, 1991.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

My App't. Exp. _____ Notary Public

Know all men by these presents that we,
the undersigned, have caused the land described in the surveyors
certificate to be platted into a Lot, Reserve and Street to be known
as "OGDEN ADDITION", Wichita, Sedgwick County, Kansas. The ease-
ment is hereby granted as indicated for the construction and maint-
enance of all public utilities. The Street is hereby dedicated to and
for the use of the public. All abutters rights of access to or from
Central Ave. over and across the south line of Lot 1 and Reserve "A",
are hereby granted to the City of Wichita, provided however that Lot
1 shall have access to Central Ave. at two locations over the south
line thereof as shall be determined by the City Engineer of the City
of Wichita, Kansas. No structure shall be constructed with a lowest
floor elevation lower than 1329 mean sea level. Reserve "A" is here-
reserved for open space, landscaping, recreational purposes and as a
floodway easement for floodway purposes. Reserve "A" shall be own-
and maintained by the owner of Lot 1. The floodway easement shall
be the responsibility of the owner of Lot 1 and Reserve "A" until
such time as the body exercising jurisdiction elects to assume re-
sponsibility for the maintenance and improvements of the drainage,
provided further that no building shall be constructed on or within
said floodway, nor shall any fill, change of grade, creation of channel
or other work be carried on without the permission of the appropriate
governing body. With such permission of said appropriate governing
body additional improvements and/or activities may be permitted with-
in said floodway.
