Re: S/D 92-52 - TURTLE RUN ADDITION (Final Plat)

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on November 5, 1992, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of November 2, 1992.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

STAFF COMMENTS:

- A. As requested by City Engineering, the applicant shall resubmit petitions for needed improvements. These improvements include the provision of municipal water, sanitary sewer, drainage/storm sewer and paving (including sidewalk along Carson).
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. When this area was originally platted as the Cottage Gardens Addition, as a cluster development, permanent open space was platted for the benefit of and to be owned by all property owners of that Addition. This replat does not alter these original conditions. The applicant shall therefore submit a covenant for this Addition which establishes the ownership and maintenance responsibilities for the Reserve on this plat but also reiterates that this Addition will continue to have access to and responsibilities for maintaining the Reserves as originally created for the Cottage Gardens Addition.
- D. Because of the reduced frontages for the Cottage Gardens Addition, a waiver of the off-street parking requirement for lots adjacent to narrow streets (58-foot right-of-way), from four spaces per lot to three, was allowed. Since this plat is now proposing conventional lot frontages and sizes, a new covenant shall be submitted requiring the provision of four off-street parking spaces for the lots in this Addition.
- E. Any relocation, lowering or encasement of the pipeline, made necessary by this development, will not be at the expense of the City.
- F. On the final plat tracing, the segment of street between Blocks 3 and 4 shall be labeled with the existing street name, Beech.
- G. On the final plat tracing dashed lines shall be used to indicate the termination of Beech at the south line and Carson at the west line of this plat.
- H. The final plat tracing shall label the center lines (CL) of both Webb and Pawnee.
- I. Since this plat is vacating previously platted easements, setbacks, etc. the surveyor's text shall make proper reference to K.S.A. 12-512 (b).
- J. On the final plat, the MAPC signature block shall be amended to indicate L. O. Breckenridge Jr. as Chairman.
- K. The applicant shall submit an avigational easement covering all
