STAFF COMMENTS:

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- B. The applicant shall guarantee the extension of City water to serve the lots being platted.
- C. The applicant shall guarantee the paving of the narrow public streets to the 29-foot paving standard.
- D. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- E. Approval of this plat requires the waiving of the minimum 60-foot wide lot frontage requirement of the Subdivision Regulations. Section 7-204(D) (1).
- F. Square footage figures shall be provided for the lots within this plat so existing special assessments may be redistributed.
- G. Since this plat proposes the platting of narrow street right-of-way with adjacent "15-foot street, drainage and utility easements," a restrictive covenant shall be submitted which calls out restrictions for lot-owner use of these easements. Retaining walls and change of grade shall be prohibited within these easements as well as fences, earth berms and mass plantings. Any plantings within the easement shall be reviewed by the City Forestry Division prior to installation.
- H. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 32-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- I. The platting of the minimum building pad elevation shall be noted on the face of the plat as well as in the plat's text. These elevations shall be in both Mean Sea Level and City Datum.
- J. As this property is establishing minimum building pad elevations, the face of the plat shall reference the location and elevation of permanent on-site and off-site benchmarks. Section 5-402(N).
- K. Since this property is a replat of a portion of the Northbrook Addition, the applicant shall submit appropriate legal documents for recording which provide for this property to share the responsibility for the maintenance of the reserves platted as a part of the original plat.
