NOTE: A portion of Lot 1 (approximately the north 660 and east 1050 feet) has been approved for a zone change to "R-1", Suburban Residential. - A. Since neither municipal water nor sanitary sewer is available to serve this property, the applicant shall contact the Environmental Health Division of the Health Department to find out what tests may be necessary and what standards are to be met for approval of on-site sewerage facilities and water wells. A memorandum shall be obtained specifying approval.
- B. The applicant shall guarantee any drainage improvements required by the platting of this property. (This guarantee may be a part of street guarantee).
- C. The applicant shall guarantee the opening up of the proposed interior street to suburban street standards.

- E. On the final plat tracing a 20-foot utility easement shall be indicated along the north line of this plat.
- F. This final plat tracing shall indicate a minimum building pad elevation of 1341 MSL for Lot 1. The platting of the minimum building pad elevation shall be noted on the face of the plat as well as in the platting's text.
- G. As this property is establishing minimum building pad elevations, the face of the plat shall reference the location and elevation of permanent on-site and off-site benchmarks. Section 5-402(N).
- H. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.

Dear Mr. Wiley:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on April 13, 1989, the above captioned plat was considered. The action of the Committee was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of April 7, 1989.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the plattor.
3. Certification that all real estate taxes for the first half of 1988 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "R. T. Bickhaus".
