Re: Final Plat S/D 87-115 - WILLOWBEND EIGHTH ESTATES

Dear Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on December 10, 1987, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of December 4, 1987.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platlor.
3. Certification that all real estate taxes for the first half of 1987 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

Donald Losew
Junior Planner

STAFF COMMENTS:

NOTE: This plat represents a replat of Willowbend Eighth Addition (S/D 86-119). The reason for the replat is to slightly alter street right-of-way and shift lot boundaries for the lots on the west side of Ironwood.

- A. The applicant shall either abandon or amend the existing petitions on file for this property. If projects are to be abandoned as a result of this replat, the applicant shall pay off the charges against the abandoned projects. Square footage figures shall be provided for the lots within this plat so existing special assessments and petitions may be amended.
- B. Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities.
- C. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- D. The final plat tracing shall correct the M.A.P.C signature block to reference ELTON PARSONS as the M.A.P.C. Chairman.
- E. The final plat tracing shall correct the M.A.P.C. signature block to reference MARVIN S. KROUT as the M.A.P.C. Secretary.
- F. Since this replat represents a minor replat of a recent subdivision, it is recommended that the Subdivision Committee waive the maximum plat area standard established in the Subdivision Regulations for consideration of final form only plats Sections 4-501 and 4-502.
- G. On the final plat tracing, the interior street shall be labeled with the street name of Ironwood.
- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- I. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- J. Recording of the plat within 30 days after approval by the City Council.
- K. The representative from the City Engineer's office should be prepared to comment on the status of the applicant's drainage plan.

NOTE: This plat has been submitted in final form only.
