

STAFF COMMENTS:

- A. The Health Department has advised that the soils on this site are appropriate for the construction and operation of a sewage lagoon. Additionally, the Health Department is recommending a variance of the minimum 5-acre lot size for lagoons. This variance is being granted on a one-time only basis. The variance is needed because both proposed lots have been prematurely sold to new owners and the obtaining of additional usable land is doubtful because of the drainage characteristics of the plat and surrounding areas.
- B. On the final plat tracing, the dimensioning arrows for the Southwestern Bell Telephone easement on Lot 2, shall be relocated to properly indicate the location of the subject easement.
- C. The plat's text shall be amended to state that the access controls are being dedicated to the appropriate governing body.
- D. On the final plat tracing, the appropriate year (1988) should be inserted where necessary.
- E. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- F. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- G. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- H. Recording of the plat within 30 days after approval by the City Council.

Re: Final Plat S/D 87-100 - LAGALY THIRD ADDITION

Dear Mr. Lagaly:

At the regular meeting of the Metropolitan Area Planning Commission on January 21, 1988, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of January 14, 1988.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platator.
3. Certification that all real estate taxes for 1987 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Forrest L. Nagley".
