VICINITY MAP:

STAFF COMMENTS:

NOTE: Lots 1 through 5 and Lots 20 through 34 are subject to the provisions of the Autumn Ridge Residential Community Unit Plan (DP-167).

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- B. The applicant shall guarantee the extension of City water to serve the lots being platted.
- C. The applicant shall guarantee construction of the storm sewers required by this plat.
- D. The applicant shall guarantee the paving of the proposed interior streets.
- E. The applicant shall guarantee any drainage improvements required by the platting of this property.
- F. The applicant shall guarantee, by separate petition, the paving of the contingent street dedication. This petition shall provide for a 29-foot street pavement and will be held until it can be combined with a petition to extend the street to the north.
- G. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- H. It is noted that the ownership and maintenance responsibilities of Reserve A are to be vested with Rural Water District #4.
- I. Since this plat proposes the platting of a "15-foot street, drainage and utility easement" next to the contingent street dedication, a restrictive covenant shall be submitted which calls out restrictions for lot-owner use of this easement. Retaining walls and change of grade shall be prohibited within this easement as well as fences, earth berms and mass plantings. Any planting within the easement shall be reviewed by the City Forestry Division prior to installation.
- J. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- K. Since a portion of this property is not currently part of the City of Wichita, the applicant shall request annexation of that property into the City. Upon annexation, the property will be zoned "AA", and thereby permit the lot sizes being proposed. The final plat shall not be scheduled for B.C.C. review until annexation has occurred.
- L. On the final plat tracing, the recording information for the water well easements shall be referenced on the face of the plat.
- M. On the final plat tracing, the easement between Lots 15 and 16 shall be extended to the boundary of the plat and labeled as to the type of easement (20-foot drainage).

Re: Final Plat S/D 88-4 - AUTUMN RIDGE 2ND ADDITION

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on March 17, 1988, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of March 11, 1988.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platlor.
3. Certification that all real estate taxes for 1987 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

A handwritten signature in dark ink, appearing to read "Donald Losew", with a long horizontal flourish extending to the right.
