

SUBDIVISION COMMITTEE RECOMMENDATIONS:

- A. On the final plat tracing, the dimensions for the existing 30 feet of half street right-of-way for Central shall be indicated.
- B. In order to continue using the garages which encroach into the east-west utility easement along the north line of this plat, the applicant shall execute a Hold Harmless Agreement with the City which protects the City from future liability because of this easement encroachment. The applicant should contact the City Engineer's Office for the standard wording that needs to appear on this agreement.
- C. The applicant shall make satisfactory arrangements for installation of new water meters or relocation of existing meters made necessary by this replat.
- D. The platator's text shall be amended to state that the access controls are being dedicated to the City of Wichita.
- E. The platator's text shall be amended to state that the location of the permitted openings to Central "shall be determined by the City Engineer."
- F. The applicant is advised that in terms of the indicated 25-foot building setback passing through the existing structures on this plat, according to Central Inspection this does not preclude the property owner from maintaining or remodeling that portion of the building within the setback area. The building cannot, however, be enlarged within the setback and if the building is removed, any new building construction must observe the platted building setback.
- G. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- H. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- I. Recording of the plat within 30 days after approval by the City Council.

Mark A. Savoy

Mark A. Savoy

Surveyor

Know all men by these presents that
we, the undersigned, have caused the land described in the
surveyors certificate to be platted into lots and street to be
known as "KATHERINE BOYD ADDITION," Wichita, Kansas. The
utility easement is hereby granted as indicated for the con-
struction and maintenance of all public utilities. The street
is hereby dedicated to and for the use of the public. The con-
tingent street dedication is hereby dedicated to the public contingent
upon the removal or destruction of those portions of the existing
buildings which exist within and adjacent to the area of the
contingent dedication. This contingent dedication shall run with
the land but shall not be construed to require the removal or
destruction of a portion of the existing buildings. All abutters
rights of access to or from Central Ave. over and across the south
line of Lots 1 and 2 are hereby granted to the City of Wichita,
provided however that Lots 1 and 2 shall have access to
Central Ave. at one point each as shall be determined by the
City Engineer of the City of Wichita, Kansas.

Re: S/D 88-58 Catherine Boyd Addition

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on August 4, 1988, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of July 29, 1988.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platfor.
3. Certification that all real estate taxes for the first half of 1986 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

Donald Losew
Planner
