Re: Final Plat S/D 86-100 - L.N. LIES ADDITION

Dear Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on November 24, 1986, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of November 20, 1986.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platlor.
3. Certification that all real estate taxes for the first half of 1986 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

Forrest L. Nagley
Senior Planner

-

STAFF COMMENTS:

- A. The applicant shall submit an avigational easement covering all of subject plat and a restrictive covenant assuring that adequate construction methods will be used to minimize the effects of noise pollution in the habitable structure constructed on subject property.
- B. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- C. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- D. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- E. Recording of the plat within 30 days after approval by the Board of City Commissioners.
- F. The representative from City Engineering and the representatives from the various utility companies should be prepared to state if the platting of an east/west utility easement, from Young Avenue to the east line of this plat, is needed. Also, is a rear lot line utility easement needed?
- G. The representative from the City Engineer's office should be prepared to comment on the status of the applicant's drainage plan.

NOTE: This plat has been submitted in final form only.
