An associated Conditional Use case (CU-300), requesting permission to establish a boat and motor sales business on property to be zoned "C", has also been filed by the applicant. The Planning Commission considered the two cases on November 24, 1986. Boat sales areas are first permitted in the "C" district with a conditional use permit.

 - K. The representative from the County Engineer's office should be prepared to comment on the status of the applicant's drainage plan. Specifically, are any drainage guarantees or drainage easements needed?
 - L. The representatives from City and County Engineering should be prepared to state what provisions should now be made to insure that this commercially zoned property will be connected to sanitary sewer when it becomes available.

Re: Final Plat S/D 86-106 - MILLER HEIGHTS ADDITION

Dear Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on December 11, 1986, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of December 5, 1986.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platfor.
3. Certification that all real estate taxes for the first half of 1986 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

Forrest L. Nagley
Senior Planner
