

6. No sound projecting devices or loudspeakers shall be used so as to be heard outside of any structure.
7. Off-street holding spaces shall be provided on the property at the ratio of not less than four parking spaces for each self-service car washing stall.
8. Off-street drying spaces shall be provided on the property at the ratio of not less than two parking spaces for each self-service car washing stall.
9. One off-street parking space shall be provided for each two employees.
10. All parking areas shall have adequate guards or curbs to prevent the extension or overhanging of vehicles beyond property lines.
11. Grades shall be established on the property to prevent the intrusion of surface drainage from entering the sanitary sewer. This shall include a roof over the car wash bays and the installation of the mud trap at a location under roof or at a grade satisfactory to the Superintendent of Sewer Maintenance.
12. The area shall be properly policed through daily inspection by the owner or operator to insure proper maintenance and removal of trash or other debris.
13. All above conditions of approval must be complied with within one year from the date of approval by the Board, or the resolution shall become null and void.

SECRETARY'S REPORT

CASE NUMBER: BZA 43-88

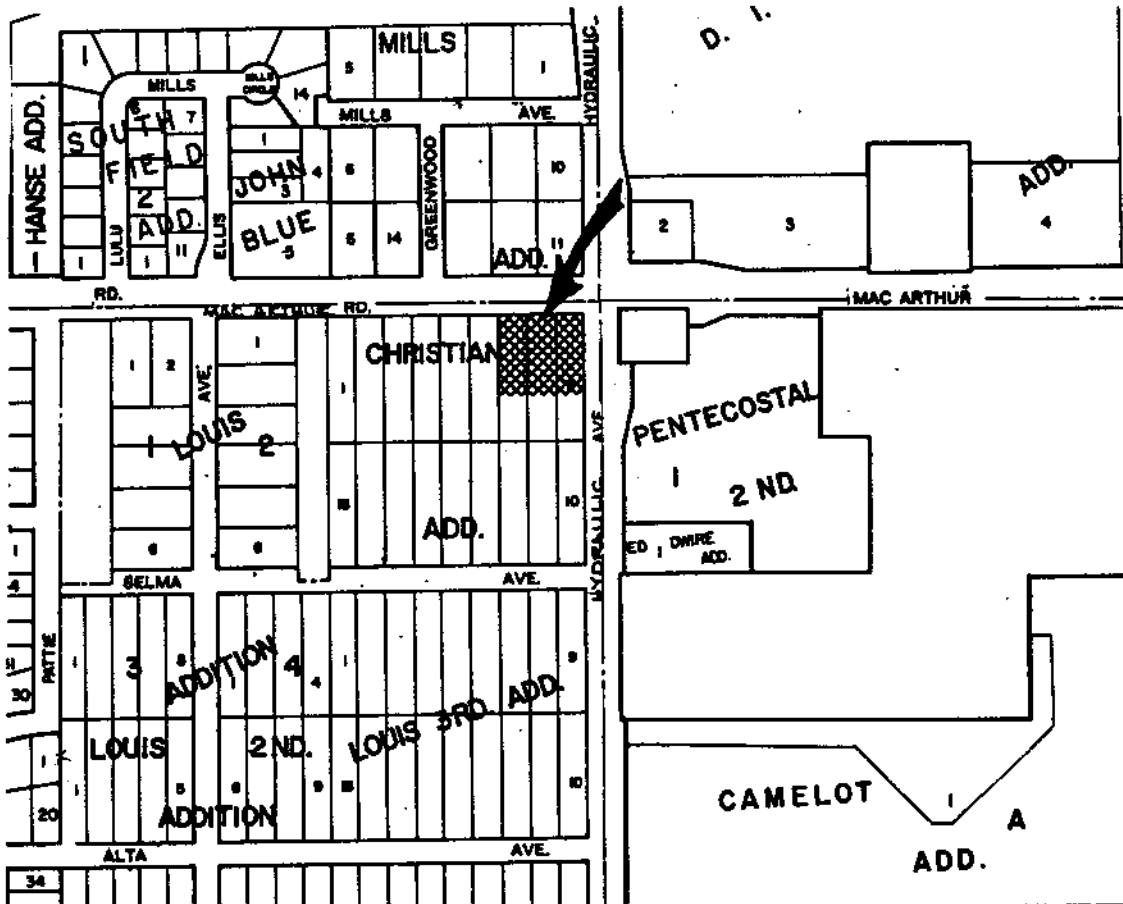

OWNER/APPLICANT/AGENT: Jerry Hansen (owner/applicant)
Max Christensen, architect (agent)

REQUEST: Exception to permit the expansion of a self-service car wash.

CURRENT ZONING: "LC" Light Commercial District

SITE SIZE: 190 ft. x 207 ft.

LOCATION: Near the southwest corner of MacArthur and Hydraulic.

JURISDICTION: The Board has jurisdiction to consider this request under the provisions outlined in Section 2.12.590.C, Code of the City of Wichita. The Board may grant the exception, provided the conditions set out in Section 28.04.183.4 can be complied with.

BACKGROUND: In 1980, the Board of Zoning Appeals approved a 5-bay self-service car wash at 1647 E. MacArthur on property legally described as the north 143 feet of Lots 7, 8 and 9, Christian Addition (BZA 1-80). A liquor store was existing on the northeast portion of the site. The owner now plans to expand the liquor store to the south, but in doing so, the entrance aisle for the car wash will have to be relocated further south. Therefore, an additional 47 feet of this "LC" property is now being requested for an exception to permit the car wash entrance drive and holding aisle to be moved south. The applicant owns the properties to the south and west. A church is located to the east, across Hydraulic, but the liquor store existed first and is permitted to expand, even though it is within 200 feet of the church.

ADJACENT ZONING AND LAND USE:

NORTH	"LC" & "AA"	Convenience store and single-family dwelling
SOUTH	"LC"	Apartment building
EAST	"LC"	Church and repair shop
WEST	"LC"	Single-family dwellings

RECOMMENDATION: Should the Board determine that expansion of the self-service car wash is appropriate at this location, it is recommended that the exception be approved, subject to the following conditions:

1. Release of the resolution for BZA 43-88, authorizing the expansion of the car wash facility to the south, shall cause Resolution No. BZA 1-80 to become null and void.
2. A six-foot high solid wood fence shall be installed along the south line of the new holding aisle, as depicted on the plan, except that the fence shall be reduced to three feet in height within the east 25 feet. The solid wood fence along the west property line shall be retained. All fences required for this car wash exception shall be maintained in good condition as long as there are residential uses to the west and south of the car wash.
3. All of the area to be used for circulation, holding spaces, parking spaces and all ingress and egress drives, including common access drives, shall be surfaced with asphalt, concrete or asphaltic concrete and be maintained in good condition.
4. All lights shall be shielded to reflect or direct light away from adjacent property. No string-type lighting or banners shall be permitted.
5. Signs shall be limited to that permitted by the zoning ordinance for the "LC" Light Commercial District.
