BOARD OF ZONING APPEALS
WICHITA, KANSAS

AGENDA ITEM NO. 6

May 23, 1989

SECRETARY'S REPORT

CASE NUMBER: BZA 17-89

OWNER/APPLICANT/AGENT: Calvary Apostolic Church (owner/applicant)
Greg Chinn (agent)

REQUEST: Exception to permit a child day care center.

CURRENT ZONING: "AA" One-Family Dwelling District

SITE SIZE: 400± ft. x 260± ft.

LOCATION: Southwest corner of 9th and St. Paul

JURISDICTION: The Board has jurisdiction to consider this request under the provisions outlined in Section 2.12.590.C, Code of the City of Wichita. The Board may grant the exception, provided the conditions set out in Section 28.04.185.2 can be complied with.

BACKGROUND: The applicant is requesting a use exception to permit the establishment of a child day care center at the Calvary Apostolic Church located on the southwest corner of 9th and St. Paul. The church is seeking a license to provide full day care for up to 60 children aged 1 to 12 years. The center would be operated from 6 a.m. to 6 p.m., Monday through Friday, year-round. The church owns the two residential structures on Lot 70 just south of the St. Paul access drive. The south structure is boarded up following a recent fire and will probably be removed in the near future. The north structure is occupied by the church's caretaker. A six-foot wood fence exists along the perimeter of the parking lot.

The proposed 75 ft. x 33 ft. fenced playground is shown at the south end of the property with half of it being on asphalt, which is now part of the parking lot. Five parking spaces will have to be eliminated in order to accommodate the playground at this location. This should create no problem as far as total number of parking spaces is concerned, since five extra spaces (over and above the minimum number of spaces required by Code) were added at the north end of the lot several years ago when the new sanctuary was built. One item which may present a problem is the close proximity of the playground to the residence at 821 N. St. Paul. The church particularly wants this location because a portion of it is already hard surfaced, a storage shed exists which they plan to convert to a playhouse, and nearby trees will provide a shady, cooler play area in the summer. Slightly modifying the location or orientation of the playground would not significantly change the situation any, and the only other areas on the site of sufficient size for the playground are in the front yards on either St. Paul or 9th. Neither of these areas has any shade trees or hard surface.

There are sufficient parking and loading spaces available in the existing lot to satisfy the parking requirements for this center.

ADJACENT ZONING AND LAND USE:

NORTH	"AA"	One-family dwelling
SOUTH	"AA"	One-family dwelling
EAST	"AA"	One-family dwelling
WEST	"AA"	One-family dwelling

RECOMMENDATION: Should the Board determine that a child day care center is appropriate at this location, it is recommended that the exception be approved, subject to the following conditions:

1. The center shall comply with the licensing requirements of the Kansas State Department of Health and with all building and fire safety regulations of the State and the City.
2. Because of the site's close proximity to single-family dwellings, outdoor play shall be limited to the hours between 9 a.m. and 4 p.m.
