**BACKGROUND:** The applicant, Riverside Christian Church, is requesting a use exception to permit a preschool to be operated within their existing church facility at the northwest corner of Litchfield and Harrison. An existing room on the west side of the building will be used to accommodate 2 sessions (M-W-F 9-11:30 a.m. & T-Th 9-11:30 a.m.) with no more than 22 children per session. In accordance with state and local Health Department licensing regulations, children attending a preschool must be between the ages of 2½ years and kindergarten age (usually 5 years). Meals are not served. Because of the limited hours per session, an outdoor play area is not required and is not proposed at this time.

A 15-car parking lot exists just north of the church building which should be sufficient to accommodate the parking needs of this preschool. By code, the parking requirement is only one space per employee, plus one space per vehicle used in the operation of the preschool (none in this case), plus one space for each ten children beyond the first twelve in attendance.

The Health Department, Central Inspection and the Fire Department have evaluated the property for use as a preschool and have given tentative approval. This use exception must be approved before the preschool can be licensed.

The site is in an older, well-established residential neighborhood where one- and two-family dwelling units are the predominant uses on 50-foot by 140-foot lots. There are, however, several churches, apartment or condominium complexes, a public elementary school (Riverside Elementary), and even a few light commercial and legal nonconforming office uses peacefully co-existing in the neighborhood.

**ADJACENT ZONING AND LAND USE:**

NORTH	"A"	Two-family dwelling
SOUTH	"A"	One-family dwelling
EAST	"A"	One-family dwellings
WEST	"A"	One-family dwellings

**RECOMMENDATION:** Should the Board determine that a preschool is appropriate at this location, it is recommended that the exception be approved, subject to the following conditions:

1. The preschool shall comply with the regulatory requirements of the state and local Health Departments and with the building and fire safety regulations of the City and State.
2. The maximum number of children shall not exceed 22 at any one session.
3. Parking shall be provided and maintained in accordance with City code.
