CONDITIONAL USE RESOLUTION NO. CON2005-00037

WHEREAS, Catholic Dioceses of Wichita (H. Pat Malone)/Mental Health Association of South Central Kansas, (Eldon Thompson) (Owners/Applicants); pursuant to Section V-D of the Wichita-Sedgwick County Unified Zoning Code (herein referred to as Unified Zoning Code), request a Conditional Use to permit “Community Assembly” on 3.78 acres zoned “TF-3” Two-family Residential described as:

Odd Lots 1 through 47, inclusive, on Chautauqua Avenue and Even Lots 2-48, on Erie Avenue, Girard Addition, Wichita, Sedgwick County, Kansas. Generally located at the southeast corner of Erie and 14th Street (1432 N. Erie).

WHEREAS, proper notice as required by the Unified Zoning Code and by the policy of the Metropolitan Area Planning Commission (hereinafter referred to as MAPC) has been given; and

WHEREAS, the MAPC did, at the meeting of October 6, 2005, consider said application; and

WHEREAS, the MAPC has authority to permit a Conditional Use, subject to any special conditions deemed appropriate in order to assure full compliance with the criteria of the Unified Zoning Code.

NOW, THEREFORE, BE IT RESOLVED by the Metropolitan Area Planning Commission that this application be approved to allow “Community Assembly” on 3.78 acres zoned “TF-3” Two-family Residential described as:

Odd Lots 1 through 47, inclusive, on Chautauqua Avenue and Even Lots 2-48, on Erie Avenue, Girard Addition, Wichita, Sedgwick County, Kansas. Generally located at the southeast corner of Erie and 14th Street (1432 N. Erie).

APPROVED, subject to the following conditions:

1. The church facilities located within the application area may be used by the Mental Health Association of South Central Kansas or a similar service provider to provide psychosocial services to special needs school children in grades K-12.
2. The maximum number of children to be served by this Conditional Use shall be limited to the capacity of the facility as established by the Fire Marshal or other fire or building code official, as appropriate.
3. Violation of any conditions of approval of this Conditional Use may result in the nullification of approval for this Conditional Use.

and other similar residential-serving uses.

6. Impact of the proposed development on community facilities: None identified, traffic may increase over current levels but not beyond the capacity of existing facilities to accommodate or of levels experienced in the past.

STAFF REPORT
MAPC 10-6-05

CASE NUMBER: CON2005-00037

APPLICANT/AGENT: Catholic Diocese of Wichita (H. Pat Malone) / Mental Health Association of South Central Kansas (Eldon Thompson)

REQUEST: Conditional Use to permit "Community Assembly"

CURRENT ZONING: TF-3 Two-family Residential

SITE SIZE: 3.78 acres

LOCATION: Southeast corner of Erie and 14th Street (1432 N. Erie)

PROPOSED USE: Community Assembly

BACKGROUND: The application area is 3.78 platted acres that are located southeast of the intersection of Erie and 14th Street at 1432 North Erie, and is zoned TF-3 Two-family Residential. The Holy Savior church, which includes space that was at one time used for a church school, is located on the site. The church school that formerly existed at Holy Savior has been transferred to another church. The Mental Health Association of South Central Kansas provides psychosocial counseling and guidance services throughout south-central Kansas. They would like to provide psychosocial services to special needs children, grades K-12, at the Holy Savior church. During the school year, the Mental Health Association indicates they would provide serves to approximately 20 children per day, normally between the hours of 3:30 P.M. and 8:00 P.M. During the summer months their client load could be as high as 120 children a day between 8:30 A.M. and 3:30 P.M. The children will be brought to the church by their parents or the Mental Health Association will provide transportation. Most of the children served are from USD 259.

All surrounding property is zoned TF-3 Two-family Residential and is used for residential purposes. The church owns the entire block located between Erie and Chautauqua and 12th and 13th streets. So additional church property directly abuts the application area to the east and south.

If the church school still existed at this site this application would probably not be required since public schools and private schools with curriculums similar to public schools are allowed by right in residential zoning districts as the counseling services would most likely be considered as ancillary activities to school activities. Lacking the church school the Office of Central Inspection determined this application was necessary.

CASE HISTORY: Girard Addition was platted in 1887.

ADJACENT ZONING AND LAND USE:

NORTH: TF-3 Two-family Residential; residential
SOUTH: TF-3 Two-family Residential; residential
EAST: TF-3 Two-family Residential; residential
WEST: TF-3 Two-family Residential; residential

PUBLIC SERVICES: All typical public services are available to the site. Erie and 14th streets are local serving residential streets.

CONFORMANCE TO PLANS/POLICIES: The *2030 Wichita Functional Land Use Guide* depicts this location as appropriate for "urban residential" uses. In addition to residences, this designation includes elementary and middle school facilities, churches, playgrounds, parks and other similar residential-serving uses.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be APPROVED, subject to the following conditions:

1. The church facilities located within the application area may be used by the Mental Health Association of South Central Kansas or a similar service provider to provide psychosocial services to special needs school children in grades K-12.
2. The maximum number of children to be served by this Conditional Use shall be limited to the capacity of the facility as established by the Fire Marshal or other fire or building code official, as appropriate.
3. Violation of any conditions of approval of this Conditional Use may result in the nullification of approval for this Conditional Use.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: All property surrounding the application area is zoned TF-3 Two-family Residential and is used for residential uses.
2. The suitability of the subject property for the uses to which it has been restricted: The site is zoned TF-3 Two-family Residential and developed with a church and church school and other church related uses. The property could continue to operate as currently zoned.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Approval of this request should not detrimentally affect nearby property owners to any greater extent than when the church school was in operation. The zoning code permits schools by right in residential districts and this use should exhibit land use characteristics similar to a school since the client population is restricted to school age children, K-12. Even at its peak proposed use during the summer, the impact of the proposed use should be no more detrimental than that caused by the school.
4. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: Denial would force the applicant to look for another site, and limit the applicant's ability to provide these type of services. This activity will also more fully utilize existing facilities located in the central city.
5. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The request is consistent with adopted plans in that in addition to residences, the urban residential land use designation includes elementary and middle school facilities, churches, playgrounds, parks

Shared parking analysis
per sec. IV-9.b. of the UZC

RE: Shared Parking Analysis for the Holy Savior Catholic Church redevelopment project located at 13th Street North and Erie Street.

Dear Mr. Knebel,

On behalf of our client, the Catholic Diocese of Wichita, our office is filing this parking analysis to account for the proposed number of parking spaces per Section IV-A.9(b). The subject property is undergoing an expansion to renovate the existing church and moving their associated school onto the same block.

This project will ultimately require a total of 165 parking spaces – 125 spaces devoted to the church use and another 40 spaces for the school use. Our intent is to provide a total of 125 spaces to serve both uses, or an approximate reduction of 25 percent. This reduction in the number of off-street parking spaces is based on the different time patterns of parking demand between the church's primary use during the weekends and nights, and the school's primary need for parking during the day Monday through Friday. This church campus is also situated within an established neighborhood, which should encourage pedestrian trips and further minimize the need for parking. Last, we are intending to provide the required number of parking spaces for persons with disabilities.

Our office is assisting the client in obtaining building permits through the MABCD, which will rely on the approval of this request. If you have any questions about this adjustment, please contact our office at 262-7271.

Sincerely,
Baughman Company, P.A.
