Gary E. Rebenstorf, City Attorney

Background: The applicant requests LC Limited Commercial zoning on a .47-acre site housing a former church that is currently zoned SF-5 Single-family Residential. This site is located north of Central and west of Gilda, just west of the Central and I-235 intersection. The proposed use is for commercial development. North of the application area are SF-5 zoned single-family residences. South of the site, across Central, are LC zoned restaurants, office uses and auto service. East of the site is a LC zoned auto service use and I-235. West of the site are LC zoned office uses. A federally funded traffic study for the Central/I-235 interchange, under KDOT management, will begin in July 2005; the study is expected to take 18-24 months and does not currently have construction funding.

As part of its recommendation for approval, staff had recommended that an additional ten feet of right-of-way be dedicated for Central Avenue and additions to the utility easement on the north and west boundaries. The additional right-of-way was requested by Public Works because of expected future improvements to Central. The additions to the utility easement were requested by Water and Sewer in order to bring them to current standards.

Analysis: MAPC heard this request on April 28, 2005, and no members of the public spoke regarding the request. MAPC moved to eliminate the staff recommended right-of-way dedication on Central and the additional utility easement dedications. MAPC approved the request, by a vote of 9-4, subject to dedication of access control on Central, allowing for one opening.

Financial Considerations: None

Legal Considerations: The ordinance has been reviewed and approved as to form by the Law Department.

Recommendation/Actions:

1. Concur with the findings of the MAPC and approve the Zone Change to "LC" Limited Commercial, subject to the dedication of access control on Central Avenue, allowing for one opening; instruct the Planning Department to forward the ordinance for first reading when the dedication has been recorded with the Register of Deeds; or
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3-majority vote of the membership of the governing body on the first consideration.)
