

Background: The applicant is requesting to rezone a 21-acre tract from “SF-20” Single-family Residential to “LI” Limited Industrial for limited industrial uses. No specific users are identified for the tract. The property is located north of 29th Street North and west Greenwich Road.

North of the application area is SF-20 zoned property used for agriculture. East of the site, across Greenwich Rd., is RR zoned property developed with a single-family residence and agriculture. Southeast of the site, across Greenwich Rd., is 160 acres zoned SF-20, but approved for LI under PO #74 in 2000, and awaiting platting. South of the site is the Regency Park industrial development, rezoned to LI in 2000, and under Protective Overlay PO #13. Southwest of the site is an LI zoned, city owned soccer field complex. West of the site is property zoned SF-5, owned by the city, and proposed as a ball field complex. Further to the west is the LI zoned Jabara Airport.

Analysis: The Metropolitan Area Planning Commission (MAPC) heard this case on August 11, 2005, and no one except the applicant and his agent were present to speak on behalf of the application. A motion for approval passed 11-0, subject to platting within one year and Protective Overlay #162.

In summary, Protective Overlay #162 contains: a list of prohibited uses, such as correctional facility, night club and grain storage; requires use of similar building materials for screening; limitations on outside storage; screening of heating/air conditioning and outdoor work areas; establishes minimum building setbacks and height and LC district signage standards.

No protests have been received.

Alternatives:

1. Approve the zone change subject to platting and the provisions of Protective Overlay #162; adopt the findings of the Metropolitan Area Planning Commission and direct staff to prepare an appropriate resolution after the plat has been approved and authorize the Chairman to sign the resolution.
2. Return such recommendation to the MAPC with a statement specifying the basis for the BOCC’s failure to approve or disapprove.
3. Deny the zone change and override the MAPC recommendation with a 2/3 vote.

Financial Considerations: Not applicable.

Policy Considerations: The MAPC recommendations are based upon the findings of fact stated in the MAPC minutes.

Legal Considerations:   *Approved as to form and signed by County Counselor's Office*
