RE: CUP2017-32 – City Administrative Adjustment to the Wichita Mall Shopping Center CUP DP-10 to Parcel 1 to reduce required number of parking spaces in LC Limited Commercial zoned property and reduction of a portion of the required landscape buffer; generally located at the southeast corner of East Harry Street and South Roosevelt Avenue

Legal Description: BLOCK 1 EXC N 10 FT DED FOR ST & EXC BEG 566 FT E & 42 FT S OF NW COR S 116.505 FT W 103 FT N 116.505 FT E 103 FT TO BEG & EXC BEG 745 FT E NW COR E 120 FT S 150 FT W 120 FT N 150 FT TO BEG WOOD PLAZA ADDITION, Wichita, Sedgwick County, Kansas

Dear Applicant:

We received and reviewed your request for an Administrative Adjustment to Parcel 1, DP-10, to reduce the required number of parking spaces from 1,863 to 1,587 spaces, a 15% reduction of the Unified Zoning Code (UZC) requirement for the site. Sec. V-I.2.i of the Unified Zoning Code allows an adjustment to reduce the parking requirement for LC zoning by up to 25% when the conditions required by Sec. V-I.6 of the Code are met.

The applicant is also requesting the required 10-foot landscape buffer along South Roosevelt north of the north line of Osie Street, approximately 200 feet, be reduced 25% to 7.5 feet as indicated on the CUP.

On the basis of our review, we find that adjusting the CUP in the manner stated above is consistent with the approved CUP and will not have an adverse effect on the CUP or adjacent properties, nor will it be a substantial deviation of the original plan.

Our signatures below indicate that the CUP shall be adjusted as stated in this letter. This CUP adjustment shall not be deemed to alter any other provisions of the CUP except as expressly stated herein.

The "Development Application" sign should now be removed from the property. Please submit four (4) copies of the revised CUP drawing within 60 days in order for this adjustment to be considered final.
