STATE OF KANSAS, COUNTY OF SEDGWICK: ss.

I, Kenny E. Hill, being a duly licensed Land Surveyor in said County and State, do hereby certify that I have been in responsible charge of surveying and plotting the "BLUEGRASS ESTATES" an Addition to Wichita, Sedgwick County, Kansas, being described as follows:

That part of the Northwest Quarter of Section 3, Township 28 South, Range 2 West of the 6th P.M., Sedgwick County, Kansas, described as follows:

Beginning at the Southeast corner of said Northwest Quarter, said Southeast corner being defined in the Property Line Agreement recorded in Misc. Book 541, Page 537: thence S87°00'38"W on the South line of said Northwest Quarter, a distance of 2117.33 feet; thence N00°00'00"E parallel with the West line of said Northwest Quarter, a distance of 1505.36 feet; thence N87°55'02"E parallel with the North line of said Northwest Quarter, a distance of 2095.47 feet to a point on the East line of said Northwest Quarter as described in said Agreement; thence S00°47'35"E on the East line of said Northwest Quarter, a distance of 1471.24 feet to the point of beginning, containing 71.91 acres more or less.

The accompanying plat is a true and correct exhibit of property surveyed.

Dated this 27th day of JUNE, 2006.

KNOW ALL MEN BY THESE PRESENTS:

That we, the undersigned, have caused the land described in the Surveyor's Certificate to be platted into Lots, Blocks, Reserves and Streets. The streets are hereby dedicated to and for the use of the public. Easements are granted as indicated for the construction and maintenance of drainage and utilities. The Contingent Street Dedication between Lots 9 and 10 shall become effective upon the platting of the adjacent property and having a street connecting thereto and shall be part of the adjacent lots until that time. A drainage plan has been developed for this addition. All drainage easements and rights-of-way shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and remain unobstructed to allow for the conveyance of stormwater.

The Floodway Reserve is to be owned and maintained by the owner of each property that said reserve crosses. The maintenance of that part of the reserve that crosses an individual lot shall be the responsibility of the owner of that lot. Provided further, that no building shall be constructed on or within said reserve, nor shall any fill, change of grade, creation of channel or other work be carried on without permission of the applicable City or County Engineer or their successors of office. Should the owners of the property covered by the Floodway Reserve fail to properly maintain said reserve, the applicable City or County Engineer or their successors of office, may maintain the same without any notification to the individual lot owners. In such event, the City or County may, at its election, assess the costs associated with such maintenance against any or all of the lots within the subdivision and collect the same in the same fashion as a special tax assessment upon such lot or lots. Minimum low opening elevations for homes built on Lots 6, 7, 8, 11 and 12 are shown on the face of the Plat.
