Agenda Report No. _____

TO: Mayor and City Council

SUBJECT: ZON2004-00025 – Zone change from unzoned railroad right-of-way to “GC” General Commercial for a billboard. Generally located north of Zoo Boulevard and west of Westdale. (district VI)

INITIATED BY: Metropolitan Area Planning Department *JLS*

AGENDA: Planning (Consent)

MAPC Recommendations: Approve, subject to Protective Overlay District #141. (9-2)

DAB VI Recommendations: Approve, subject to Protective Overlay District #141. (8-0)

MAPD Staff Recommendations: Approve.

Background: The applicant requests "GC" General Commercial zoning on 40,000 square feet of unzoned railroad right-of-way located north of Zoo Boulevard and west of Westdale. The applicant requests the zoning to bring an existing billboard into conformance with the City of Wichita Sign Code.

On March 26, 2003, the Office of Central Inspection issued the attached letter indicating that no sign permit was required to construct a billboard on the subject property. On June 17, 2003, the applicant sent the attached letter asking for confirmation that no sign permit was required, and on that same date, the Office of Central Inspection issued the attached letter confirming that no sign permit was required for the proposed billboard. The applicant subsequently constructed a billboard on the subject property. On September 5, 2003, the Office of Central Inspection issued the attached letter indicating that previous correspondence regarding no sign permit being required was in error.

The billboard that was constructed on the subject property does not conform to the requirements of the Sign Code. Section 24.04.222.1. of the Sign Code requires that there be a minimum of 500 linear feet of "GC"-zoned frontage between mile section lines in order to permit a billboard. Therefore, the applicant has requested 500 linear feet of "GC" zoning in order that the existing billboard on the subject property will conform to the requirements of the Sign Code. The attached site plan indicates the area proposed for rezoning and the location of the existing billboard.

Analysis: At the DAB VI hearing on June 7, 2004, and the MAPC hearing on June 10, 2004, there was only one speaker regarding the request other than the applicant. The speaker was from the Kansas Department of Transportation (KDOT) and indicated that KDOT would not permit a sign on the subject property that was visible from I-235 but that the existing sign is not visible from I-235 and therefore is not regulated by KDOT. DAB VI (8-0) and the MAPC (9-2) voted to approve the request subject to the following provisions of Protective Overlay District #141:

1. The subject property shall be to limited one off-site sign that has a single sign face that faces southeast. No other off-site signs or sign faces shall be permitted on the subject property.

Financial Considerations: None.

Legal Considerations: The ordinance has been reviewed and approved as to form by the Law Department.

Recommendation/Actions:

1. Adopt the findings of the MAPC and approve the zone change, subject to the additional recommended provisions of Protective Overlay District #141; place the ordinance establishing the zone change on first reading; or
2. Return the application to the MAPC for reconsideration

(An override of the Planning Commission's recommendation requires a two-third majority vote of the City Council on the first hearing.)
