Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: DP-156 (AMENDMENT #1) - AMENDMENT TO THE W.D.C. PARCEL II B & C COMMERCIAL C.U.P. - (KILLARNEY WEST COMMERCIAL C.U.P.)

Z-2980 - ZONE CHANGE REQUEST FROM "AA" ONE-FAMILY DWELLING DISTRICT TO "LC" LIGHT COMMERCIAL DISTRICT, LOCATED ON THE EAST SIDE OF WOODLAWN BETWEEN 32ND ST. NORTH & 35TH ST. NORTH (District #2).

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approve (8-0).

Staff Recommendation: Approve subject to platting.

CPO Recommendation: CPO Council 2A recommended approval (7-0).

Background: The applicant is requesting the approval of an amendment to the W.D.C Parcel II B & C Commercial Community Unit Plan (DP-156) and an associated zone change from "AA" One-Family Dwelling District (which has been approved for "R-6" General Residence District) to the "LC" Light Commercial District.

The applicant proposes to change the name of the C.U.P. to Killarney West and to increase the size of the C.U.P. from 22 to 31 gross acres. The right-of-way for the new K-96 freeway and its interchange with Woodlawn runs through the center of the C.U.P. Excluding this right-of-way and the right-of-way required for the relocation of Willowood Street will result in a net site size of approximately 20 acres. The applicant proposes to rezone an additional 6.5 acres of property for light commercial purposes. Although the applicant proposes to increase the amount of property zoned the "LC" Light Commercial District, the total gross floor area to be constructed on the site is to be reduced from 252,300 square feet, which is allowed on the approved C.U.P., to 220,100 square feet. The applicant is also excluding grocery stores (one of the more common high traffic generating type uses) from the list of establishments permitted on the larger parcels of the C.U.P. Other uses proposed for the site include furniture stores, department stores, restaurants, offices, medical and dental clinics, convenience stores, service stations, financial institutions and other similar shopping center type uses. The uses proposed are not inconsistent with the development pattern generally observed to occur at freeway interchange locations. The proposed commercial and office development faces public park property along the west side of Woodlawn. It adjoins a commercial recreational area on the south and is buffered from the single-family residential area to the east by intervening properties that are approved for higher density residential development.

Staff believes that the controls offered by the amended C.U.P. will help assure that the future development will be compatible with adjacent residential and public park properties.

Recommendations/Actions:

1. Concur with the findings of the MAPC and approve the amended C.U.P. and associated zone change, subject to the recommended conditions; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Council; or
2. Return the application to the MAPC for reconsideration, stating reasons.

TO: Pat Burnett, Deputy City Clerk

FROM: Kevin Kokes, Associate Planner, Current Plans Division

SUBJECT: Z-2980 - Zone change request from "AA" to "LC", generally located on the east side of Woodlawn between 32nd Street North and 35th Street North

On February 8, 1994, the Wichita City Council approved the plat of VALENTINE ADDITION and placed on first reading the associated zone change ordinance. Publication of the zoning ordinance was to be withheld until the plat was recorded.

The plat of VALENTINE ADDITION was recorded with the Register of Deeds on March 3, 1994, and therefore, the Ordinance establishing the zone change may now be published.
