City Council Meeting

Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-3171-ALICE BARSAMIAN REQUESTS ZONE CHANGE FROM THE 'AA' ONE FAMILY DWELLING DISTRICT TO 'LC' LIGHT COMMERCIAL, LOCATED 1/4 MILE SOUTH OF CENTRAL ON THE WEST SIDE OF TYLER ROAD.
(District #5)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approved, subject to platting and filing restrictive covenant. (10-1)

Staff Recommendation: Approved, subject to platting and filing restrictive covenant.

CPO Recommendation: Approved, subject to platting and filing restrictive covenant. (7-1)

Background: The applicant requests a zone change from the 'AA' One Family Dwelling District to the 'LC' Light Commercial District for a 0.5 acre unplatted tract located 1/4 mile south of Central on the west side of Tyler Road. The applicant requests the change in zoning classification to conform with the surrounding zoning and for potential future commercial development.

The subject property is currently developed with a single family home and bordered by three single family homes to the north. The site is surrounded by a multiple family complex to the west (zoned 'LC'), several fast food restaurants and businesses on the east side of Tyler Road, and an undeveloped parcel to the south. The property to the south was rezoned to 'LC' in 1980 and included in the Westlink Commercial Community Unit Plan (DP-9), which permits the following uses: offices, restaurants, private clubs, medical offices and clinic, retail and service commercial (not including storage garage mini warehouse or hotel/motel).

This segment of Tyler Road is projected by the 2020 Transportation Plan to require road improvements to accommodate anticipated traffic volumes. In order to address concerns about traffic congestion along Tyler Road if the remaining unplatted residential area is rezoned and developed with high traffic generating uses, the applicant has volunteered to submit a restrictive

covenant that would prohibit restaurants, financial institutions, convenience stores, and service stations on the subject property. If this zone change request is approved with the volunteered use restrictions, staff will ask for similar restrictions in the future for the properties to the north if / when they apply for rezoning.

Recommendation:

1. Concur with the findings of the MAPC and approve the zone change, subject to the condition of platting and subject to filing the voluntary restrictive covenant; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Council; or
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on first hearing.)
