A cross-sectional diagram of a manhole structure. At the top, a curved arrow points to the 'MANHOLE FRAME & COVER'. Below this is a series of steps leading down to a rectangular chamber. The height of these steps is labeled 'VARIABLE'. The top of the chamber is at a level indicated by a dashed line. The width of the chamber is labeled '3'-0"'. The height of the chamber is labeled '8'-0"'. The bottom of the chamber is at a level indicated by a dashed line. The walls of the chamber are shown with diagonal hatching. On the left side, a vertical dimension of '5'-6"' is shown between two horizontal levels. At the bottom left, a curved arrow points to a level labeled 'FL. EL. 187.07'. At the bottom right, a curved arrow points to a level labeled 'FL. EL. 187.37'.
