

DOUGLAS AVE.

W.L. SENECA TO E.L. McLEAN BLVD.

PROJ. C15-32

1/6

B.M. 113.67 "X" On bk of int. @ Cor of Building N.E. Cor of Seneca & Douglas
 B.M. 116.41 "X" On S. Cu. - Douglas Ave Bridge E.S. M'Lean.
 Stationed On N4 S. R.

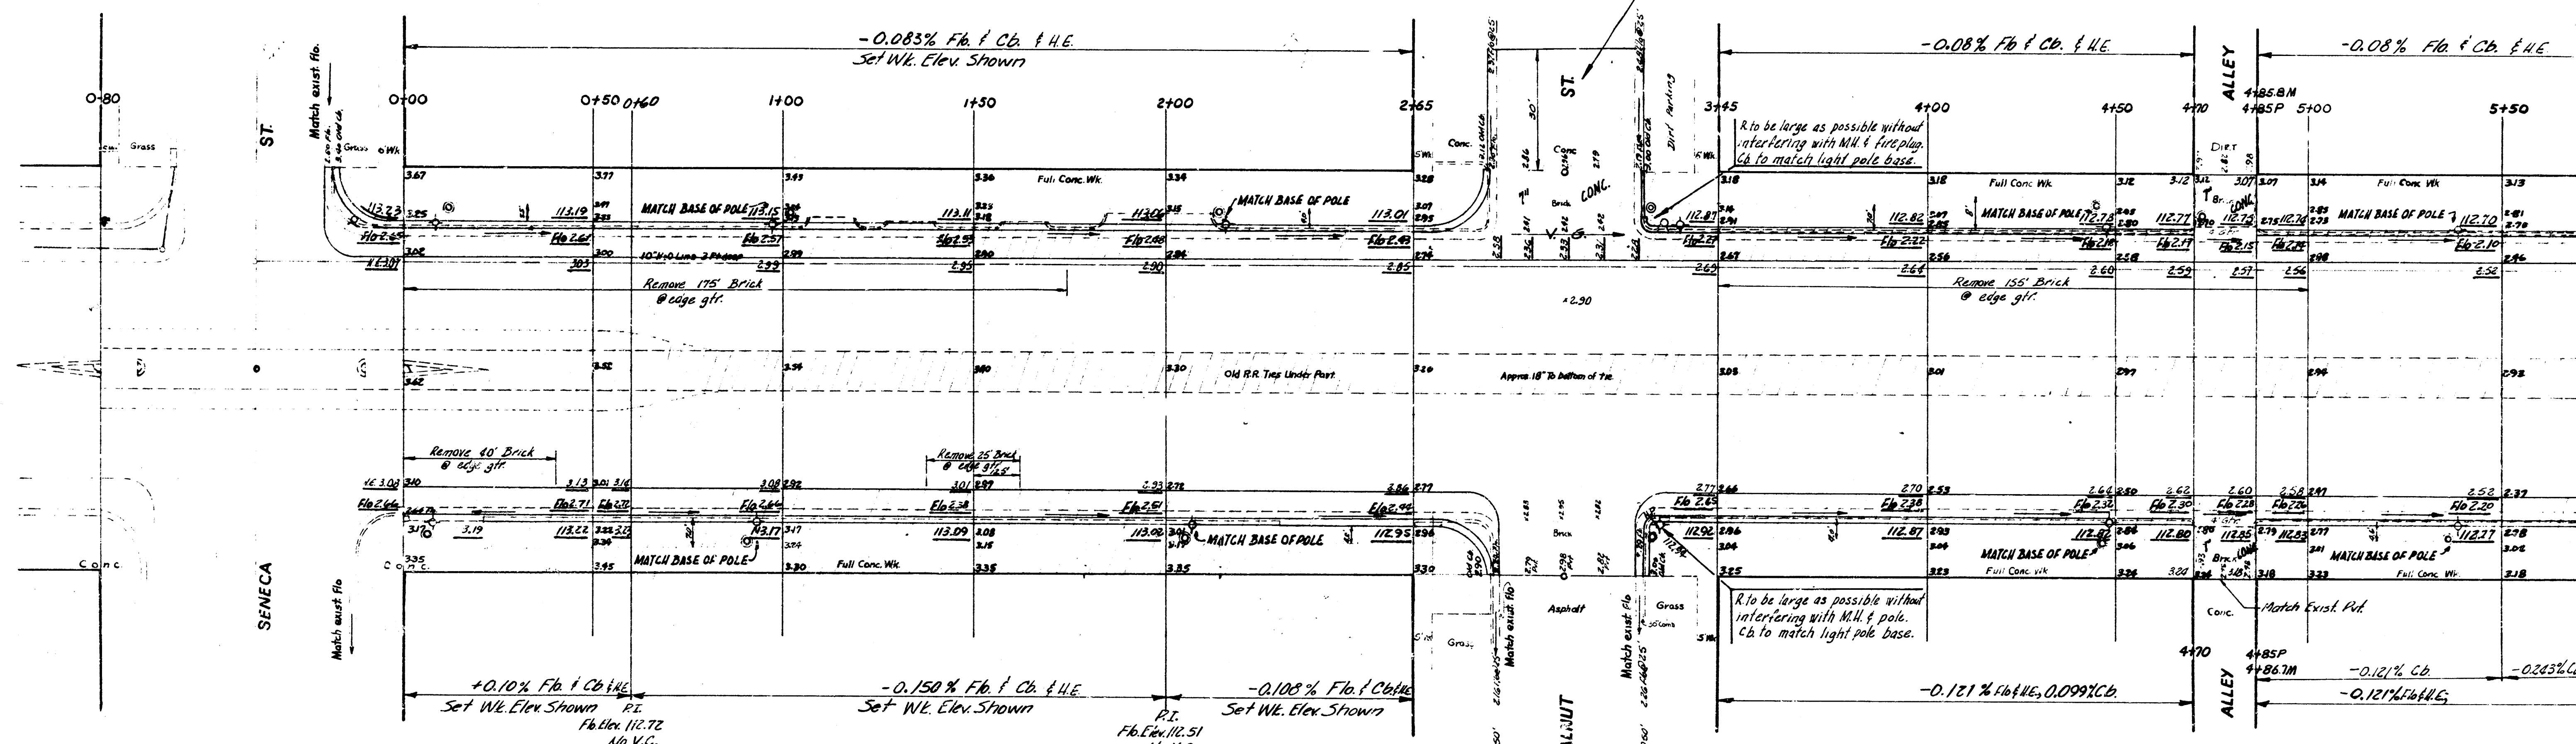

Note to Contractor

Remove the curb & gutter pavement and sidewalk (to nearest joint) to provide for eighteen (18) inch curb and seven (7) foot concrete parking strip seven (7) inches thick. This will consist of removing the first five (5) ft of the old part, as indicated by cross hatched area.

Note to Field Engineer

Contact property owners and see if any drives can be abandoned. Replace desired drives with ramp type opening.

NOTE:
 30' of conc. pvt. & grt. to be removed & replaced with 7" reinforced conc. pvt.

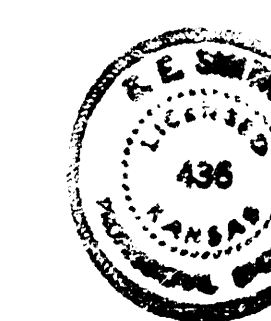

Note to Contractor

The streetway this and pavement in the track area are to be removed and the space levelled up with sand to provide for a seven (7) inch reinforced conc. base.

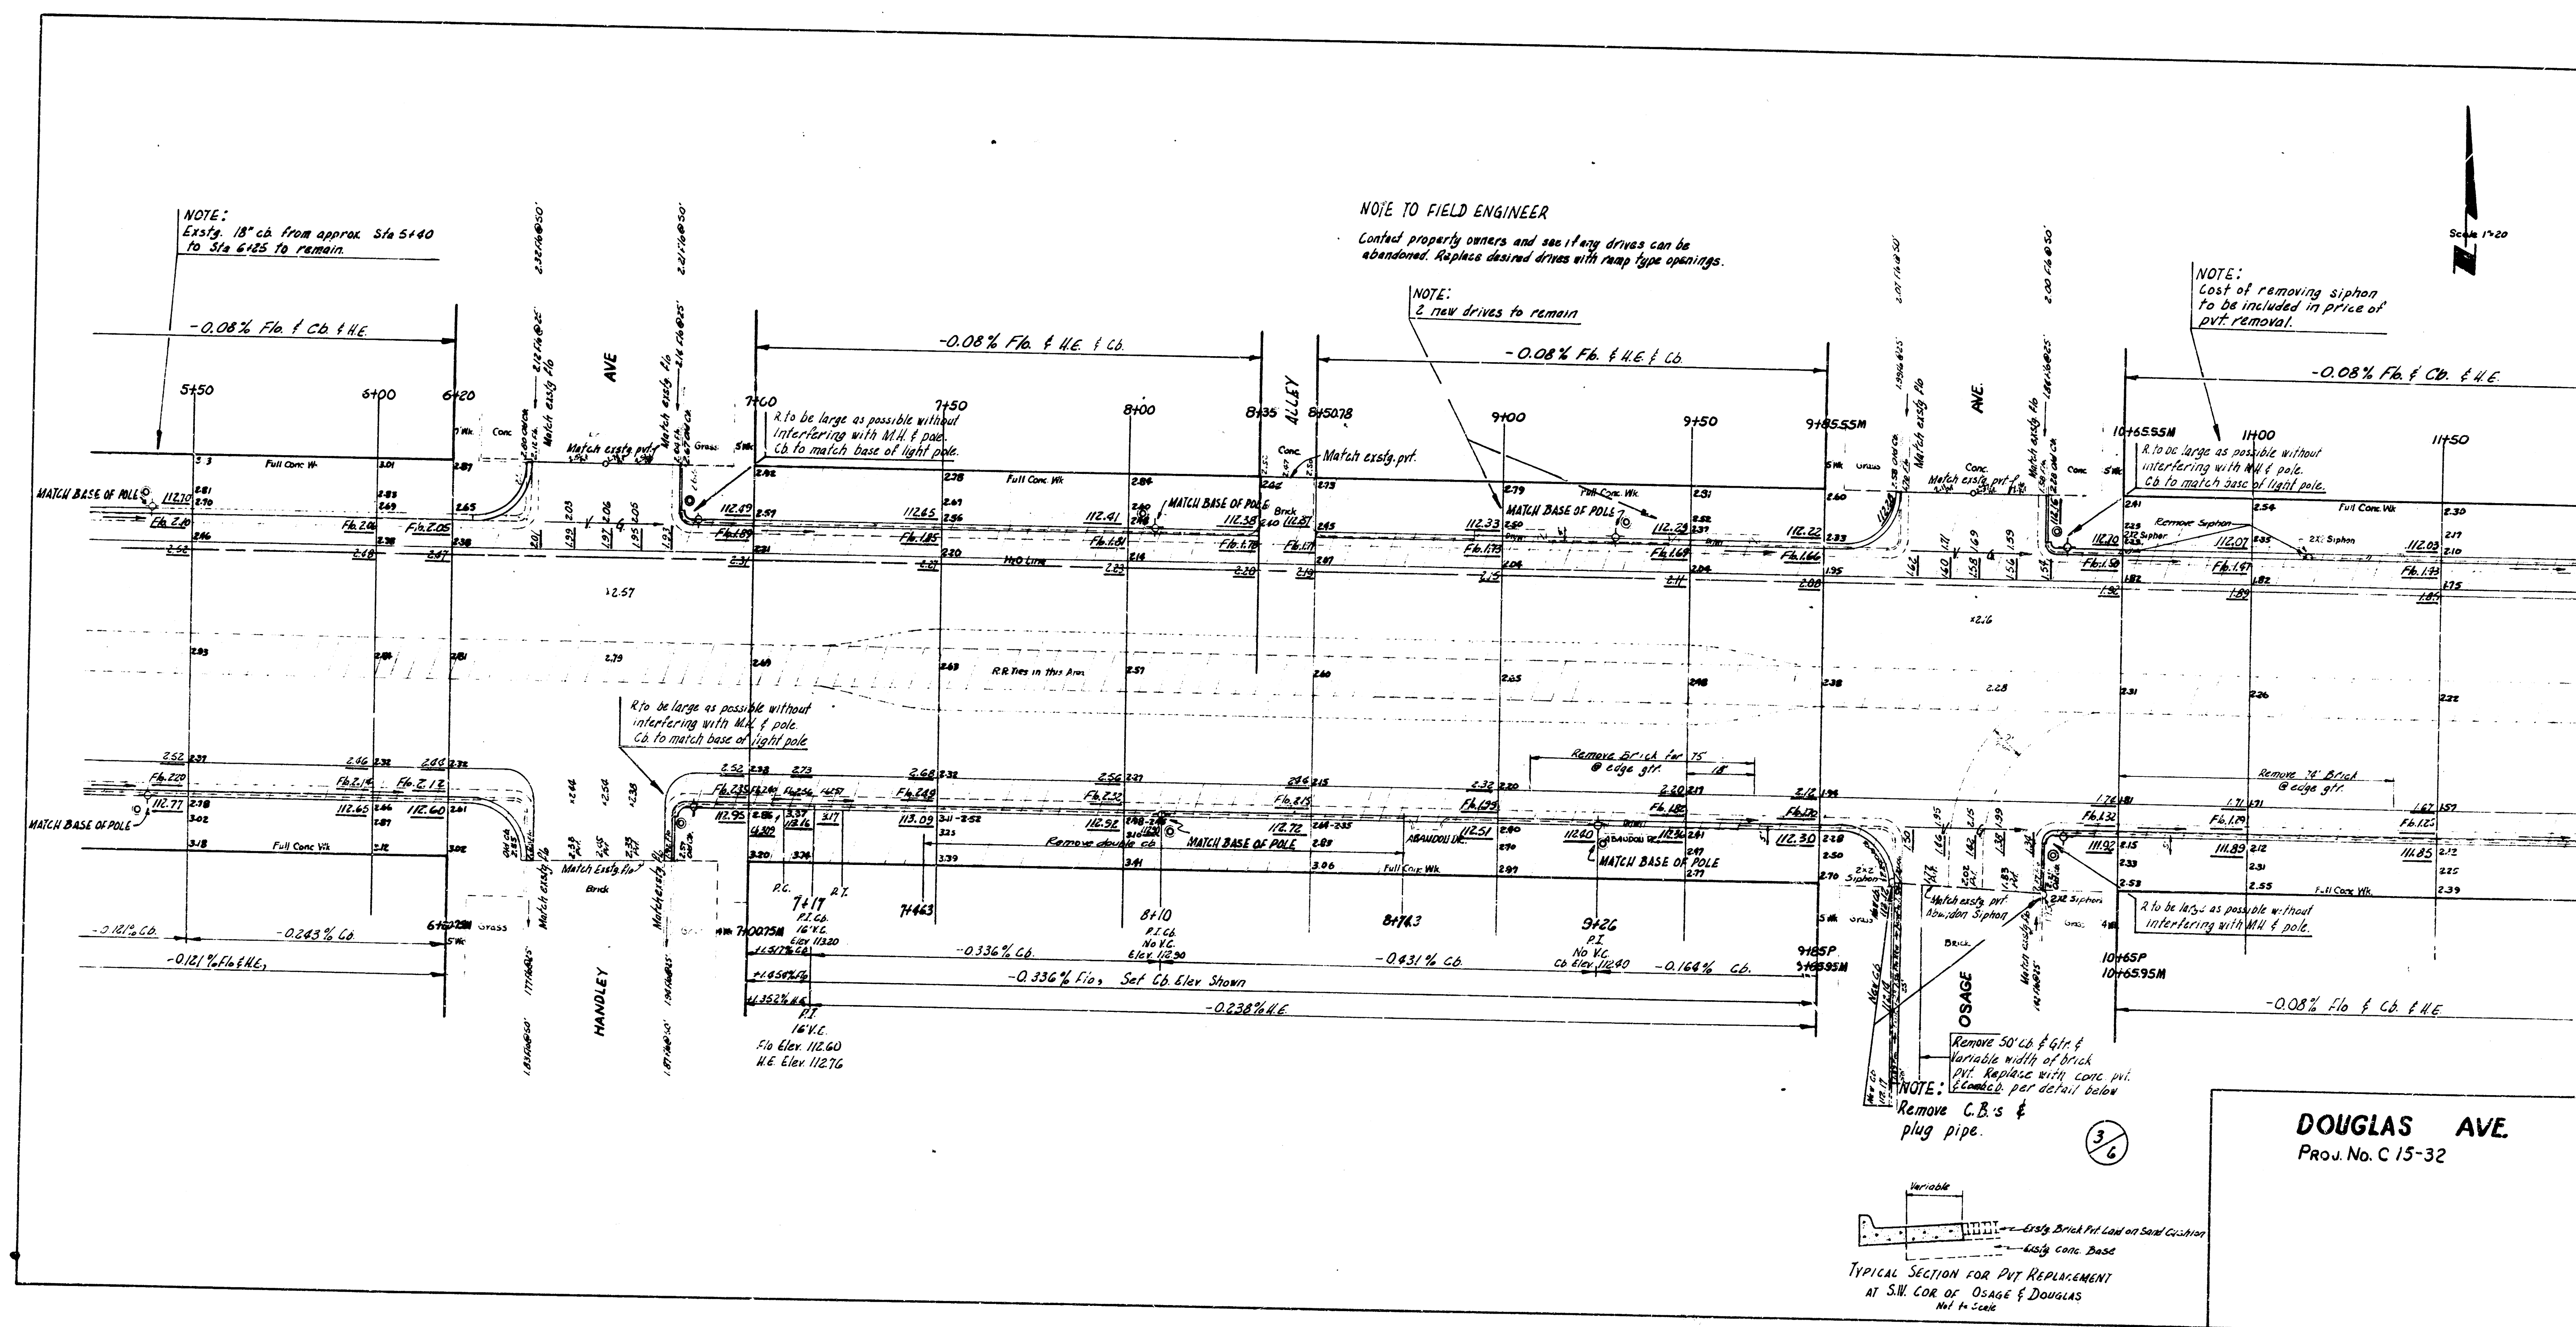

Note:

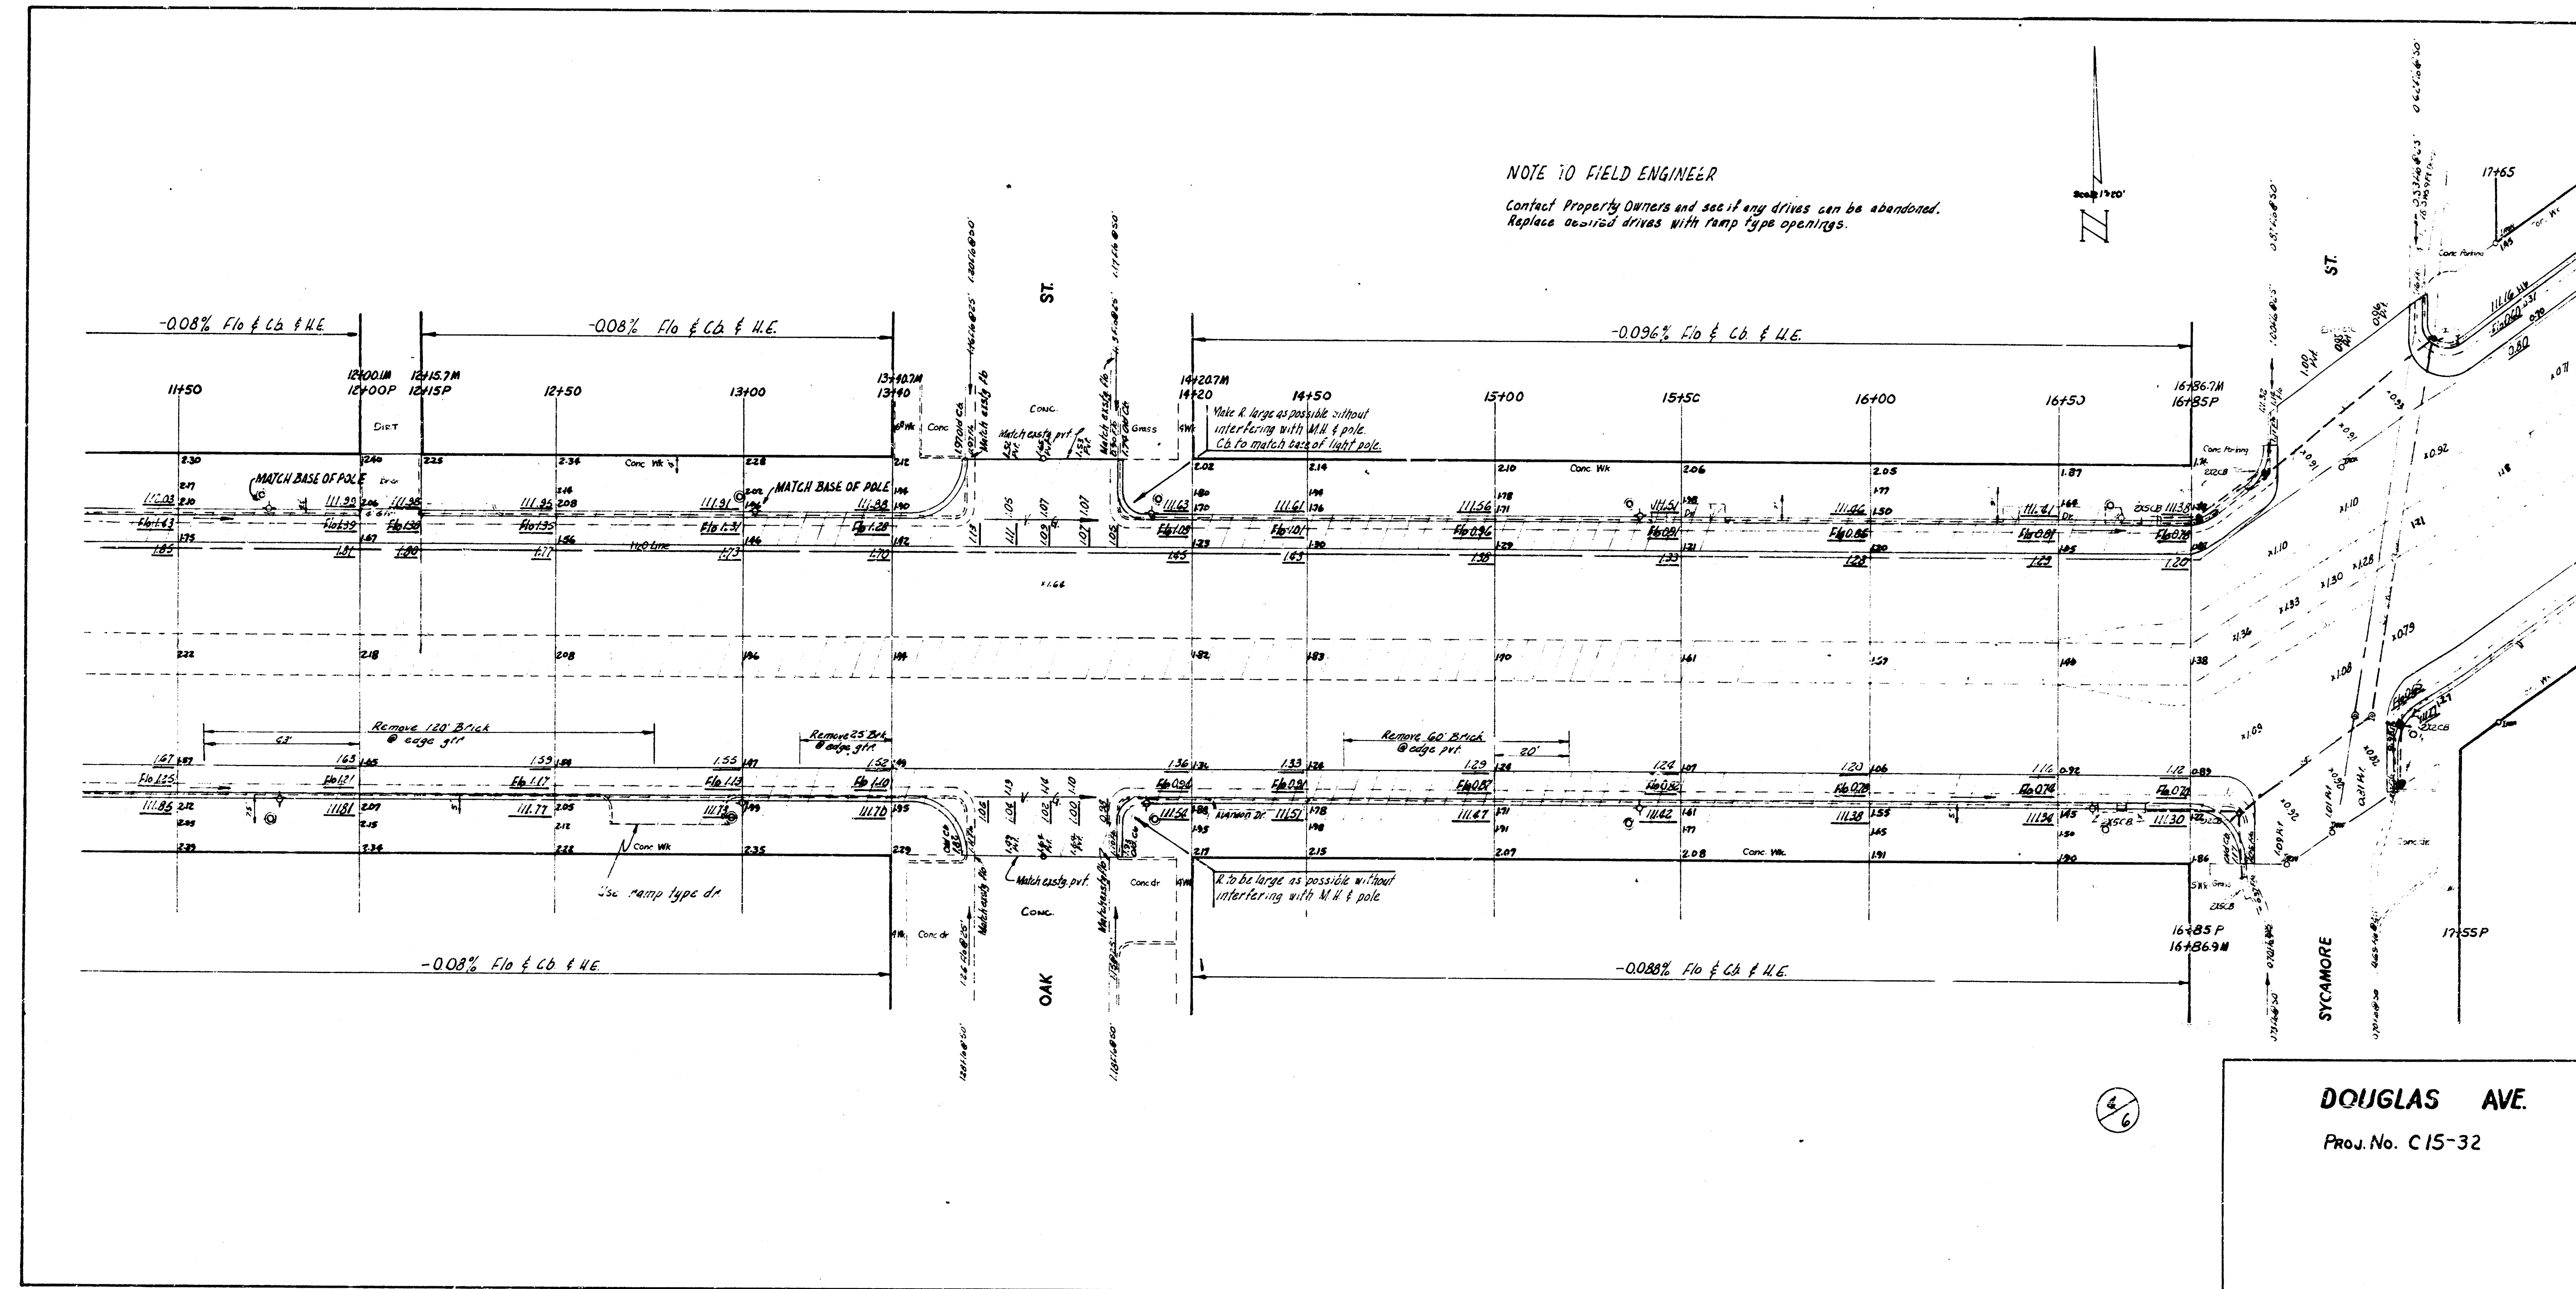

Place 1' expansion material between curb & sidewalk.
