DRAIN PLAN

NOTES:
Slope all drains 0.15% toward sump.
All drains are 6" diameter pipe.
See Terracon Consultants, Inc. report (June 20, 1984) and letter (October 31, 1984), for further information and specifications of granular filter material & filter fabric material. Plan base was traced from sheet S-1, (FOUNDATION PLAN), of building plans.
Sump pump, pump discharge piping and electrical connection should be as per manufacturers recommendations.
Elevator pit sump pump; approximate static head 8 feet, discharge pipe length 40 feet.
Main sump pump; approximate static head 4 feet, discharge pipe length 110 feet.
