Dept. Of Engineering	

Final Plat is scheduled for Subdivision for September 2, 1983.
The Lot will be mostly paved or roof top areas. Runoff factor will
be 0.90.
The areas will drain as indicated. The drives discharge to Haskell
and Walnut presently which both drain south to inlets on Walnut at
Pawnee. The south portion of the plat drain to the paved alley
which also drains to Pawnee. A small portion of the plat drains
west to Seneca presently.
