

Figure 1 is a plan view of a rectangular structure. The overall width is labeled X , divided into two equal segments of $\frac{X}{2}$. The overall height is labeled $2'-6"$, divided into three segments: $6\frac{3}{4}"$, $18"$, and $5\frac{1}{4}"$. A dashed rectangle is centered within the overall dimensions, with its width labeled S and T . A corner radius of $3"R$ is indicated at the top right corner of the dashed rectangle. A small dimension of $1\frac{1}{2}"$ is shown on the left side.
