CASE NUMBER: ZON2016-00032

APPLICANT/AGENT: Mike Love Construction (owner) Will Clevenger, Ruggles & Bohm (Agent)

REQUEST: TF-3 Two-Family Residential zoning

CURRENT ZONING: SF-5 Single-Family Residential zoning

SITE SIZE: Approximately 2.73 acres

LOCATION: Generally located northwest of the intersection of 55th Street South and South Hydraulic

BACKGROUND: The applicant is requesting a zone change from Single-Family Residential (SF-5) to Two-Family Residential (TF-3) zoning on approximately 2.73 acres of Rivendale Addition to Wichita, Sedgwick County, Kansas. The applicant proposes to build duplexes on 13 platted lots located on either side of Victoria Street, immediately north of 55th Street South.

The subject site is located within the SF-5 zoned Rivendale Addition. The Rivendale Addition is partially developed with single family residences adjacent to the subject property to the north, west, and east. Immediately east and west of the subject property are single family residences on large, unplatted lots. South of the subject site is unplatted SF-5 zoned tracts developed with mobile homes.

CASE HISTORY: The site is located within the City limits of Wichita and consists of 2.73 acres of the Rivendale Addition platted in 2003.

ADJACENT ZONING AND LAND USE:

| | | |
|--------|------|--|
| NORTH: | SF-5 | Single-family residential, undeveloped (Rivendale) |
| SOUTH: | SF-5 | Single-family residential, unplatted lots |
| WEST: | SF-5 | Single-family residential, unplatted lot |
| EAST: | SF-5 | Single-family residential, unplatted lot |

PUBLIC SERVICES: The site has access to local, paved collector streets that access East 55th Street South, a paved, two-lane arterial with 90-foot right-of-way. All utilities are available to the site.

CONFORMANCE TO PLANS/POLICIES: The adopted Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the site as within the Wichita City limit and the South Wichita/Haysville Area Plan. The Plan's *2035 Wichita Future Growth Concept Map* identifies this location as "residential," encompassing areas that reflect the full diversity of residential development densities and types, including duplexes, typically found in large urban municipality. The site is located in the South Wichita/Haysville Area Plan, which identifies the location for residential development.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED.**

This recommendation is based on the following findings:

- (1) The zoning, uses and character of the neighborhood:** The surrounding neighborhood is zoned SF-5 and is partially undeveloped. Properties immediately to the west, east and south are developed with single-family residences. The proposed duplexes are located within a stand-alone block at the entrance of the subdivision and are only adjacent to the rear of lots developed with existing single-family residences.
- (2) The suitability of the subject property for the uses to which it has been restricted:** The vacant site is currently zoned SF-5 and is undeveloped. As zoned, these units would have to be single-family. With the proposed zoning, they could be single-family or duplexes.

- (3) **Extent to which removal of the restrictions will detrimentally affect nearby property:** Impact on surrounding property due to the requested zone change should be minimal. Single-family residences have only partially developed in the Rivendale Addition and the proposed duplexes are in a separate portion of the subdivision. This separation should mitigate any detrimental effects on nearby property.
- (4) **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The adopted Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the site as within the Wichita City limit. The Plan's *2035 Wichita Future Growth Concept Map* identifies this location as "residential," encompassing areas that reflect the full diversity of residential development densities and types, including duplexes, typically found in large urban municipality. The South Wichita/Haysville Area Plan identifies the area as appropriate for residential development.
- (5) **Impact of the proposed development on community facilities:** All services are in place. Any increased demand on community facilities can be handled by existing infrastructure.
