CASE NUMBER: ZON2017-00015

APPLICANT East Douglas Investments

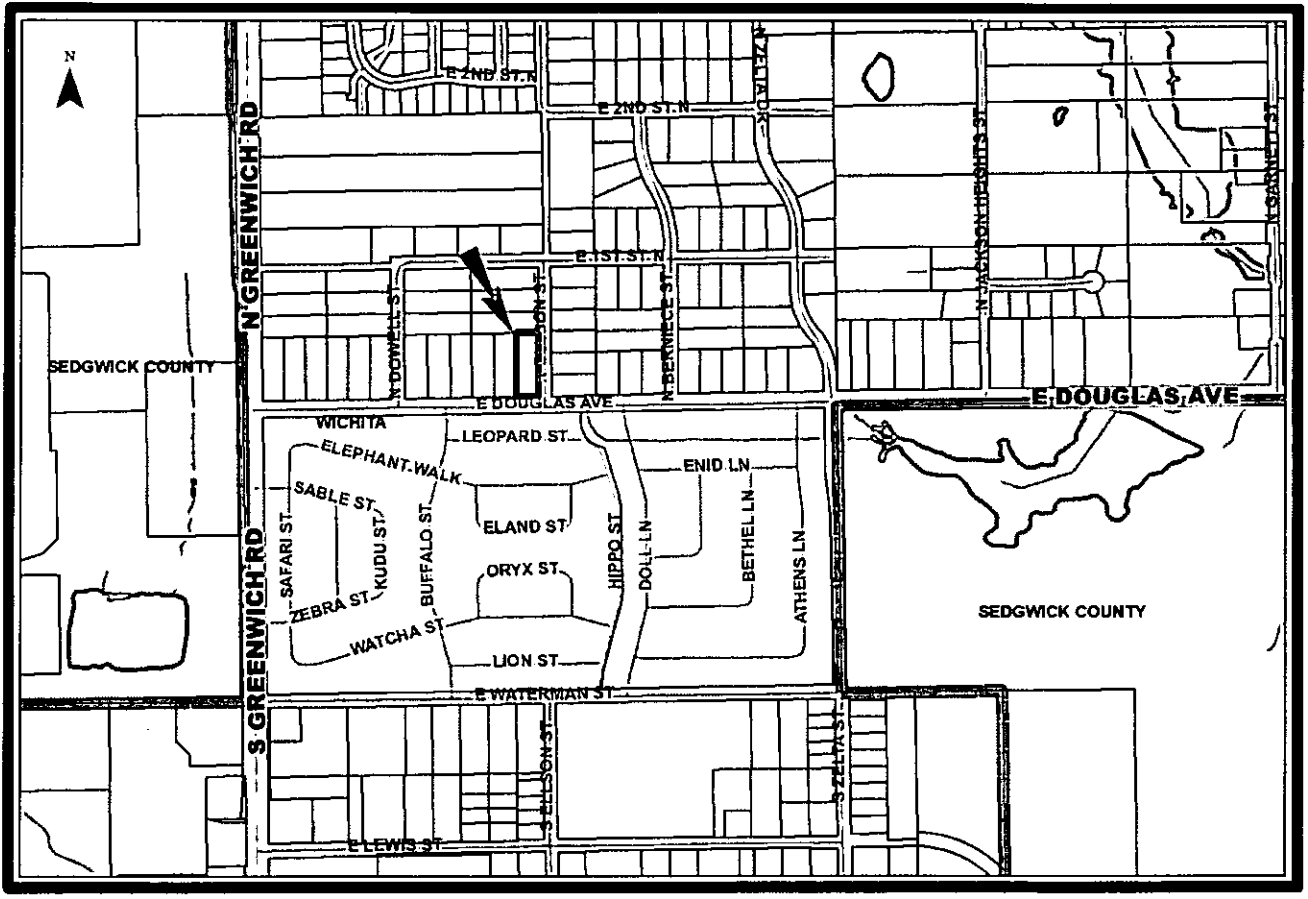

REQUEST: TF-3 Two-Family Residential

CURRENT ZONING: SF-5 Single-Family Residential

SITE SIZE: 0.65 acre

LOCATION: Northwest corner of East Douglas Avenue and North Ellson Street
 (11526 East Douglas)

PROPOSED USE: Two-Family home

2. The suitability of the subject property for the uses to which it has been restricted: The site is currently zoned SF-5, which primarily allows single-family residences. The lot being considered for rezoning could be improved with new single family homes with the existing zoning.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Approval of TF-3 zoning would allow duplex units to be constructed on the property. There is similar TF-3 zoning three blocks to the east on North Jackson Heights Court, and two blocks to the north on North Ellson Street. A duplex development with 42 buildings was recently approved on the west side of East 127th Street North, indicating a reasonable trend of development toward two family homes in this area. Approval of the request should not detrimentally impact nearby property owners.
4. Length of time the property has remained vacant as currently zoned: The property is currently improved with a manufactured family home.
5. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The Community Investment Plan depicts the subject site as appropriate for “residential uses.” The residential use category encompasses areas that reflect the full diversity of residential development densities and types found in a large urban municipality.
6. Impact of the proposed development on community facilities: Existing municipal facilities are in place or can be extended to serve the application area.
