REVISED

CASE NUMBER: CON2017-00007

APPLICANT/AGENT: John W. McKay, III

REQUEST: Conditional Use to permit a one-vehicle recreational vehicle campground

CURRENT ZONING: RR Rural Residential (RR)

SITE SIZE: Approximately 4.61-acres

LOCATION: Generally located west of Oliver Street (E. 47th Street N.), south of East 85th Street North

PROPOSED USE: Extended parking of a recreational vehicle on a site without a principal structure

BACKGROUND: The applicant is seeking Conditional Use approval for a “recreational vehicle campground” (RV campground) on the approximately 4.61-acre, RR Rural Residential (RR) zoned unplatted subject site. It is the applicant’s intention to place a single recreational vehicle on the site and use it in lieu of a permanent structure. In short, the RV will substitute for a building and will be used as a residence. A recreational vehicle campground is permitted in the RR district with Conditional Use approval.

The site is located one-half mile west of North Oliver Street (47th Street East) on the south side of East 85th Street North. Access to the site is from a gravel drive from 85th Street. RR zoned county properties completely surround the 4.61-acre tract. Large lot residential sites, pasture and agriculture uses are predominant within a two-mile radius of the property.

Two similar cases for a Recreational Vehicle (RV) Park with one RV have been approved in the county (CON2012-00028 and CON2016-00011) by the Metropolitan Area Planning Commission.

CASE HISTORY: The site’s “RR” zoning was established in 1985.

ADJACENT ZONING AND LAND USE:

NORTH: RR	40-acre single-family residence with agricultural outbuilding and agricultural land
SOUTH: RR	Large lot single-family residence
EAST: RR	Large lot single-family residence
WEST: RR	Quarter Section with single-family residence with agricultural outbuilding and agricultural land

PUBLIC SERVICES: No public sewer is available to the site. The property is located in Sedgwick County Rural Water District #2. As already noted, access to the site is from a gravel drive from 85th Street. The site will have a gray water wetland filtration system and a compostable solid waste system approved by the Sedgwick County Waste Water Manager.

CONFORMANCE TO PLANS/POLICIES: *The 2035 Community Investments Plan* identifies this area as “Rural” which encompasses land outside the 2035 urban growth areas for Wichita and the small cities. Agricultural uses, rural-based businesses, and larger lot residential exurban subdivisions likely will be developed in this area. Such development should occur in accordance with the Urban Fringe Development Standards for Wichita and Sedgwick County.

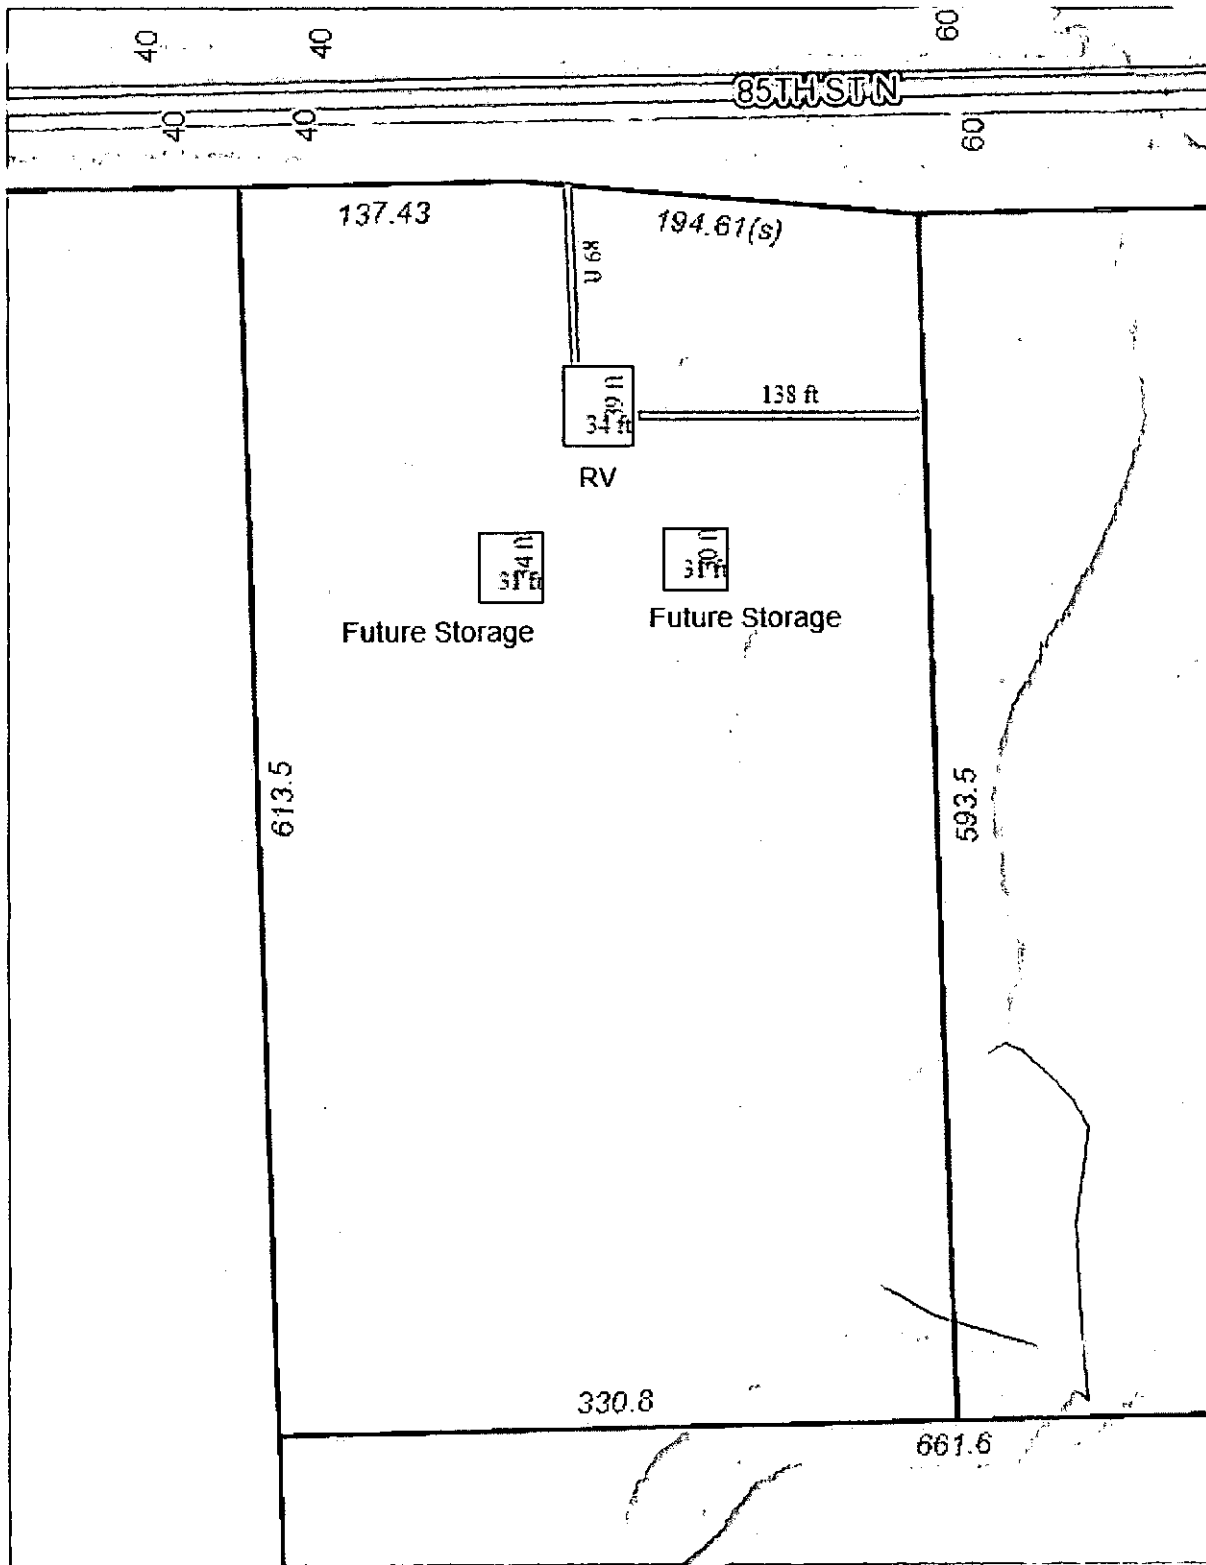

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the Conditional Use request be APPROVED, subject to the following conditions:

1. The Conditional Use permits a recreational vehicle campground for one recreational vehicle.
2. The site will have a gray water wetland filtration system and a compostable solid waste system approved by the Sedgwick County Waste Water Manager.
3. Tent camping is not permitted.
4. The recreational vehicle campground shall be developed and maintained in general compliance with the approved site plan. All improvements and the operation of the recreational vehicle campground shall be in compliance with applicable regulations and codes.
5. The Conditional Use for a recreational vehicle campground for one recreational vehicle shall be declared null and void upon issuance of a certificate of occupancy for a permanent structure on the approved site; or, after the Recreational Vehicle has been removed from the site for a period of 30 days; or, for three (3) years from date of approval with an option to extend one time for a two (2)

- year period by the Metropolitan Area Planning Commission.
6. If the Zoning Administrator finds that there is a violation of any of the conditions of approval of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare the Conditional Use null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The site is located one-half mile west of North Oliver Street (47th Street East) on the south side of East 85th Street North. Access to the site is from a gravel drive from 85th Street. RR zoned county properties completely surround the 4.61-acre tract. Large lot residential sites, pasture and agriculture uses are predominant within a two-mile radius of the property.
2. The suitability of the subject property for the uses to which it has been restricted: The RR zoning district primarily permits single-family residences on two acres, specific agritourism and agricultural uses. Recreational vehicle campground means the use of land designed for occupancy by recreational vehicles for temporary or transient living purposes, including the use of camping spaces for tents.” Condition of approval is restricted to one R.V and no tent camping. A recreational vehicle campground is permitted in the RR district with Conditional Use approval.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Approval of the request will introduce a use that is not currently in the area; however, the scale requested and the recommended conditions of approval should mitigate any detrimental impacts.
4. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: The public’s health and safety should not be impacted by the request. Denial of the request could represent a loss in use and enjoyment to the applicant’s property.
5. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: *The 2035 Community Investments Plan* identifies this area as “Rural” which encompasses land outside the 2035 urban growth areas for Wichita and the small cities. Agricultural uses, rural-based businesses, and larger lot residential exurban subdivisions likely will be developed in this area. Such development should occur in accordance with the Urban Fringe Development Standards for Wichita and Sedgwick County.
6. Impact of the proposed development on community facilities: None identified.
