- CASE NUMBER:** ZON2017-00008 & CON2017-00022
- APPLICANT/AGENT:** Halliday Properties LC and Maisch Family LP /Robert Kaplan (Agent)
- REQUEST:** Zone change to LC Limited Commercial and a Conditional Use to allow a nightclub and outdoor patio for food and beverage service
- CURRENT ZONING:** LC Limited Commercial and MF-29 Multi-Family Residential
- SITE SIZE:** 0.46 acre
- LOCATION:** Southeast corner of South Seneca and West Irving
- PROPOSED USE:** Expansion of nightclub with outdoor patio food and beverage service

BACKGROUND: The applicant is requesting rezoning of the 0.17 acre platted, vacant property located immediately west of the LC zoned drinking establishment to facilitate the expansion of the non-conforming business from MF-29 Multi-Family Residential (MF-29) to LC Limited Commercial (LC). The applicant is also applying for a Conditional Use for a nightclub to get the subject property at 1106 S. Seneca in conformance with the Unified Zoning Code (UZC). The LC zoned property is developed with a one-story, masonry commercial building built in 1966. The MF-29 zoned lot (104 W. Irving) is vacant.

When a tavern, drinking establishment or nightclub is located within 300 feet of a church or place of worship, public park, public or parochial school or residential zoning district, approval of a Conditional Use is required; Unified Zoning Code (UZC), Sec.III-D6.w. MF-29 zoned properties developed with single-family residences are located immediately adjacent to the subject property. There is no history of a Use Exception or Conditional Use for a tavern, drinking establishment or nightclub on the subject property. However, the applicant has stated that the subject property has been either a tavern, drinking establishment or nightclub most of its time from 1966 to the present.

Property west of the subject site is zoned LC and is developed with a commercial brick building in which the existing drinking establishment is located. Properties north, south and east of the site are zoned MF-29 and are developed with single-family residences.

CASE HISTORY: The lot containing the existing commercial building was originally Lot 1, of the Parker Addition and was re-platted in 1964 as the Laughlin Kennedy Addition and is zoned LC. The zone change subject property was platted in 1930 as part of the Parker Addition, Wichita, Sedgwick County, Kansas.

ADJACENT ZONING AND LAND USE:

NORTH:	MF-29	Single-family residences
SOUTH:	MF-29	Single-family residences
EAST:	MF-29	Single-family residences
WEST:	LC	Non-conforming Nightclub in the City

PUBLIC SERVICES: The subject property has access to West Irving Avenue, a local street with 60 feet of right-of-way and on-street parking on both sides of the Street. The subject property is served by municipal utilities that can accommodate the demand of additional development.

CONFORMANCE TO PLANS/POLICIES: The adopted Wichita-Sedgwick County Comprehensive Plan, *the Community Investments Plan*, identifies the site as Established Central Area. The Plan promotes infill development that maximizes public investment in existing and planned infrastructure and services. The plan also encourages mixed-use redevelopment of existing commercial centers and along arterial streets.

RECOMMENDATION: Staff notes that some form of drinking establishment has existed on this site for some time which does not appear to be incompatible with nearby residential uses. This application does not introduce a new use to the area. Based upon the information available prior to the public hearings, planning staff recommends that the request for a Conditional Use for a Nightclub in the City be **APPROVED**, with the following conditions:

- (1) The applicant shall meet the UZC parking requirements by providing additional parking on the site, obtaining a parking reduction, or securing an off-site parking

agreement.

- (2) The applicant shall submit a revised site plan, to be approved by planning staff, which identifies required parking.
- (3) Screening of the outdoor patio shall be in compliance with Sec. III-E.w of the UZC.
- (4) Trash receptacles shall be screened
- (5) The site shall be developed and maintained in conformance with the approved site plan.
- (6) No outside loudspeakers or outdoor entertainment is permitted.
- (7) The site shall maintain all necessary licenses for a nightclub in the city.
- (8) The site shall conform to all applicable codes and regulations to include but not limited to zoning, building, fire and health.
- (9) If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** Property west of the subject site is zoned LC and is developed with a commercial brick building in which the existing drinking establishment is located. Properties north, south and east of the site are zoned MF-29 and are developed with single-family residences.
2. **The suitability of the subject property for the uses to which it has been restricted:** The subject property has access to West Irving Avenue, a local street with 60 feet of right-of-way and on-street parking on both sides of the Street. The subject property is served by municipal utilities that can accommodate the demand of additional development.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Approval of the request should not detrimentally impact nearby properties. The site will be developed with adequate screening to accommodate the use. Sufficient parking is available for the site.
4. **Conformance of the requested change to adopted or recognized Plans/Policies:** The adopted Wichita-Sedgwick County Comprehensive Plan, *the Community Investments Plan*, identifies the site as Established Central Area. The Plan promotes infill development that maximizes public investment in existing and planned infrastructure and services. The plan also encourages mixed-use redevelopment of existing commercial centers and along arterial streets.
5. **Impact on Community Facilities:** Existing road facilities are adequate. Any increased demand on community facilities can be addressed during the development.
