DAB I, January 3, 2005

- CASE NUMBER:** ZON2004-00065
- APPLICANT/OWNER:** Wichita Ear Properties, LLC c/o Richard Cummins (owner)
Walter Morris & Sons c/o Mike Boyd (contract purchaser)
- AGENT:** Baughman company, PA, Terry Smythe
- REQUEST:** "LC" Limited Commercial
- CURRENT ZONING:** "B" Multi-family Residential & "GC" General Commercial
- SITE SIZE:** Approximately 0.84 acres
- LOCATION:** Between Hillside Avenue & Lorraine Street, approximately 305-feet south of Central Avenue
- PROPOSED USE:** Restaurant with drive up window

approximately 24,000 and 26,000 vehicles per day: Lorraine Street is a paved residential street that intersects with Central Avenue on its north end and dead ends at the drainage channel on its south end. Water, sewer and all other utilities are available.

CONFORMANCE TO PLANS/POLICIES: The Wichita Land Use Guide of the Comprehensive Plan classified the subject tract as "high density residential" on its western portion and "commercial" on its eastern portion. The Commercial Locational Guidelines of the Comprehensive Plan recommend that commercial sites should be located adjacent to arterials and should have site design features, which limit noise, lighting, and other activity from adversely impacting surrounding residential areas. The request, with the provisions of the proposed protective overlay, conforms to the Land Use Guide and the Commercial Locational Guidelines of the Comprehensive Plan.

RECOMMENDATION: Potential negative effects, from the expansion of commercial uses onto the western "B" zoned portion of the site, on the residential neighbors to the south and west would be mitigated by existing codes and a protective overlay.

Based upon information available prior to the public hearings, Staff recommends APPROVAL of "LC" zoning subject to PO #150

1. Dedication by separate instrument of access control onto Hillside Avenue and no access onto Lorraine Street, per the Traffic Engineer's recommendation.

4. Maximum building height of 35 feet.
5. The speaker order board shall not project sound so as to be audible from the residential developments located to the west or the to the south, or any other residential use in the vicinity.
6. On site pole lights no higher than 14-foot. They shall be hooded and directed onto the site and away from the residential developments west and south of the site.

property as appropriate for "commercial" or "high density residential" development. The Commercial Locational Guidelines of the Comprehensive Plan recommend that commercial sites should be located adjacent to arterials and should have site design features, which limit noise, lighting, and other activity from adversely impacting surrounding residential areas. With the provisions of the proposed Protective Overlay the request conforms to the Land Use Guide and Commercial Locational Guidelines of the Comprehensive Plan.

5. Impact of the proposed development on community facilities: Community facilities should be minimally impacted.
