

WEST KELLOGG COMMERCIAL COMMUNITY UNIT PLAN DP-344

GENERAL PROVISIONS:

- Total Land Area: 1,225,179 ± sq.ft. or 28.13 ± acres
Net Land Area: 1,225,179 ± sq.ft. or 28.13 ± acres
 - Total Gross Floor Area: 428,813 sq.ft. or 35 percent
 - Parking shall be provided in accordance with Section IV of the Unified Zoning Code, unless otherwise specified in the parcel description.
 - Setbacks are as indicated on the C.U.P. drawing, or as specified in the parcel descriptions. If contiguous parcels are to be developed under the same ownership, setbacks between those parcels will not be required.
 - A Drainage Plan shall be submitted to the appropriate Engineer for approval during the platting process. Required guarantees or drainage shall be provided at the time of platting improvements.
 - Guarantees for left turn center lanes and right turn decel lanes to all full movement approaches, and other specific street improvements for Harry Drive and 135th Street W, shall be further reviewed and determined at the time of platting.
 - Signs will be as allowed by the Sign Code of the appropriate jurisdiction, with the following additional conditions/limitations:
 - Each parcel is permitted at least one freestanding sign per arterial frontage with the following area restrictions:
 - Parcel 1: A maximum of three signs with a combined area of 400 sq. ft. of signage, with one sign allowed along Harry Drive and two signs allowed along 135th Street W. No one sign is permitted to be larger than 200 sq.ft. in area. Any sign within the north 300 feet of Parcel 1 shall be limited to 90 sq.ft.
 - Parcel 2: 100 sq.ft. of signage along 135th Street W.
 - Parcel 3: 100 sq.ft. of signage along 135th Street W.
 - Parcel 4: 150 sq.ft. of signage along 135th Street W.
 - Parcel 5: 150 sq.ft. of signage along 135th Street W. and/or Harry Drive.
 - Parcel 6: 150 sq.ft. of signage along Harry Drive.
 - Parcel 7: 150 sq.ft. of signage along Harry Drive.
 - Parcel 8: 150 sq.ft. of signage along Harry Drive.
 - Parcel 9: 150 sq.ft. of signage along Harry Drive.
13. Screening for this CUP shall consist of either an eight (8) foot high concrete/masonry wall constructed along the east and north property lines where adjacent to residential zoning, or by an eight (8) foot high berm and landscape buffer constructed within the residential development planned adjacent to the east and north of Parcel 1.
- If a screening wall is planned, the following shall apply:
- Said wall shall be constructed at the time any portion(s) of the C.U.P. is developed.
 - This solid wall shall be constructed of a pattern and color that is consistent or compatible with the building walls.
- If a screening system of landscaping and berms is planned, the following shall apply:
- Screening along the north and east property lines of Parcel 1 may be provided by a combination of an eight (8) foot high berm and landscape buffer per the requirements of Section IV-B.3.d.(2) of the UZC, and constructed off-site within the area as indicated on the plan. Said off-site screening shall be installed and maintained by the adjacent owner per General Provision #12(E).
14. Rooftop mechanical equipment shall be screened from ground level view with similar materials to the main building per Unified Zoning Code.
15. Trash receptacles, loading docks, outdoor storage, and loading areas shall be appropriately screened, with similar materials to the main building, to reasonably hide them from ground view.
16. All buildings in the C.U.P. shall share uniform architectural character, color, texture, and the same predominate exterior building material, as determined by the Director of Planning. Building walls and roofs must have predominately earth-tone colors, with vivid colors limited to incidental accent, and must employ materials similar to surrounding residential areas. Metal as an exterior material shall be limited to incidental accent.
17. Fire lanes shall be in accordance with the appropriate Fire Code. No parking shall be allowed in said fire lanes, although they may be used for passenger loading and unloading. The Fire Chief or his designated representative shall review and approve the location and design of all fire lanes. Fire hydrant installation and paved access to all building sites shall be provided for each phase of construction prior to the issuance of building permits.
18. The following uses shall be prohibited within all parcels: Single-Family; Duplex; Multi-Family; Manufactured Home; Group Residence (Limited & General); Auditorium or Stadium; Cemetery; Correctional Placement Residence (Limited & General); Recycling Collection Station (Public & Private); Recycling Processing Center; Reverse Vending Machine; Utility (Minor or Major); Animal Care (General); Kennel (Hobby/Boarding/Breeding/ Training); Nightclub in the City or County; Pawnshop; Recreational Vehicle Campground; Riding Academy or Stable; Rodeo in the City; Secondhand Store; Sexually Oriented Business in the City or County; Tattooing and Body Piercing Facility (City or County); Tavern and Drinking Establishment; Asphalt or Concrete Plant (Limited); Manufacturing (General); Research Services; Outdoor Storage (as a Principal Use); Vehicle Storage Yard; Welding or Machine Shop.
- The following uses shall be prohibited within Parcels 2 and 3, as well as within 300 feet of the north and east property lines, as indicated on the plan: Construction Sales and Service; Recreation & Entertainment (Outdoor); Service Station; Vehicle and Equipment Sales (Outdoor); Vehicle Repair (Limited & General); Manufacturing (Limited); Warehouse; Wholesale or Business Services.
- Restaurants that serve liquor can be developed and may serve liquor, as long as food is the primary service of the establishment. Restaurants with drive-through windows, convenience stores (with or without an associated car wash), service stations, and vehicle repair (limited or general) will not be permitted within 300 feet of the north and east lines of Parcel 1 where indicated on the plan. Restaurants with drive-through windows shall be designed to ensure queuing lanes for drive-through windows will not align vehicle headlights in such a manner as to face residential zoning. No overhead doors shall be allowed within 300 feet of the north and east lines of Parcel 1 where indicated on the plan, and shall not face any residential zoning district to the west, north and east. Exterior audio systems that project sound beyond the boundaries of the C.U.P. are prohibited.
19. Cross-lot circulation agreements shall be required at the time of platting to assure internal vehicular movement between parcels within the C.U.P.
20. Amendments, adjustments or interpretations to this C.U.P. shall be done in accordance with the Unified Zoning Code.
21. The Transfer of title of all or any portion of land included within the Community Unit Plan (or any amendments thereto) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successors and assigns.
22. The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approved by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator and the Director of Planning, shall constitute a violation of the building permit authorizing construction of the proposed development.
23. Any major changes in this development plan shall be submitted to the Planning Commission and to the Governing Body for their consideration.
24. A plan for a pedestrian walk system shall be submitted and approved by the Director of Planning prior to the issuance of building permits. Said walk system shall link sidewalks along 135th Street W. and Harry Drive with the proposed buildings within the subject property.
25. Approval of a site circulation plan by the Planning Director is required for each phase of construction prior to the issuance of a building permit. An overall site plan shall be required for review and approval by the Planning Director prior to the issuance of any building permits; the site plan shall ensure internal circulation within the parcels and joint use of ingress/egress openings and that private drive openings are not impacted/blocked by the layout of parking stalls or landscaping.

RE: CUP2017-000040 – City and County request to create DP-334 West Kellogg Commercial Community Unit Plan, generally located at the northeast corner of the intersection of US Highway 54 and 135th Street West

Dear Mr. Ewy,

At its regular meeting on **September 21, 2017**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to **APPROVE** the request.

Property owners opposed to the application may file with the City Clerk signed written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on October 5, 2017. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **October 5, 2017, at 5:00 p.m.**

This application will be presented to the City Council on Tuesday, **October 24, 2017, beginning at 9:00 a.m.** The City Council meeting will be held in City Hall, 455 N. Main, Wichita, Kansas.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Kyle C. Kobe
Associate Planner

CASE NUMBER: CUP2017-00040

APPLICANT/AGENT: West Kellogg, LLC, W.E. Lusk, Jr. and Perfection Signature Properties, LLC, Scott Lehner / Baughman Company, Russ Ewy

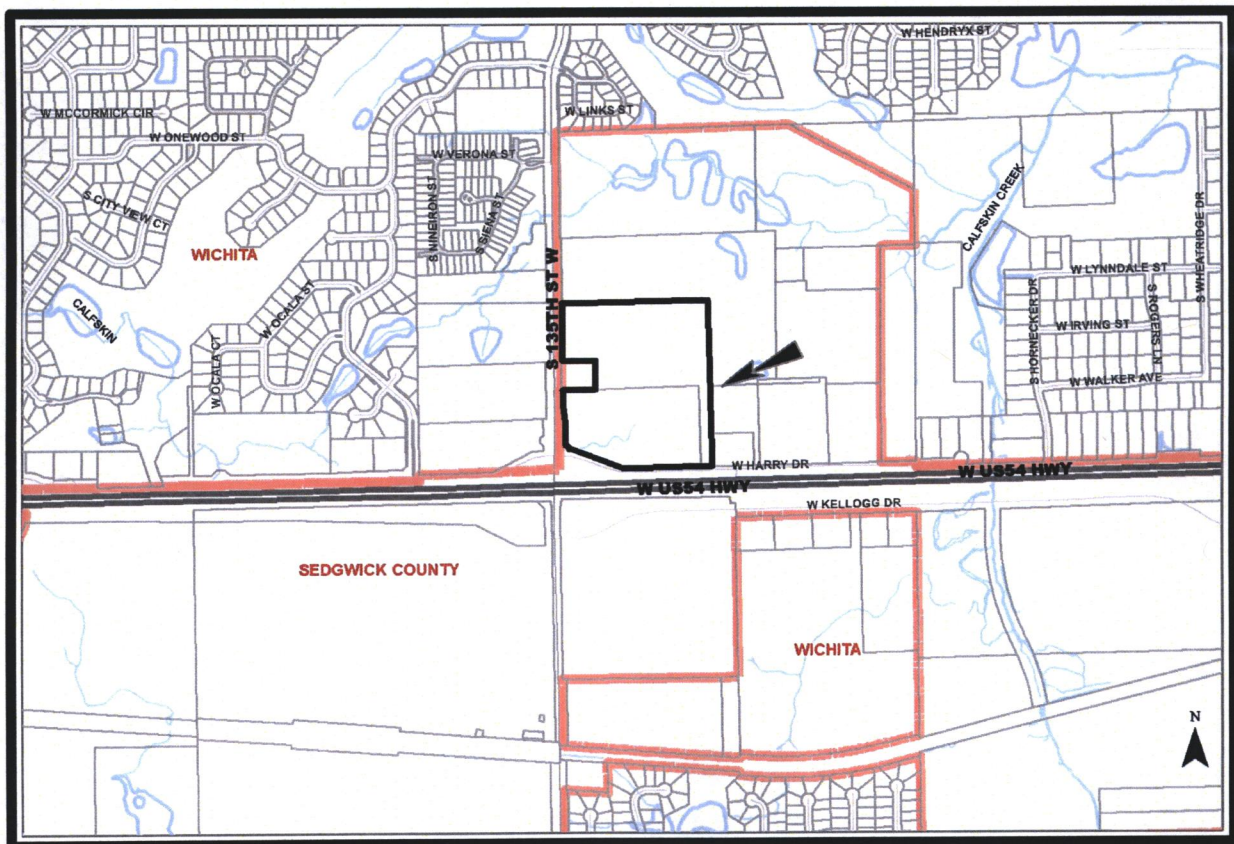

REQUEST: City and County request to create DP-344 West Kellogg Commercial Community Unit Plan

CURRENT ZONING: GC General Commercial

SITE SIZE: 28.1 acres

LOCATION: Northeast corner of US Highway 54 and 135th Street West

PROPOSED USE: General Commercial Development

BACKGROUND: The applicant requests the creation of the West Kellogg Commercial Community Unit Plan, DP-344 on property currently zoned GC General Commercial (GC). The site is unplatted, though there has been some development on the site which is categorized as farming/ranch operations. This case is associated with a plat (SUB2017-00026) and a request for annexation (A17-06).

The site is located at the northeast corner of US Highway 54 and 135th Street West, a paved arterial. Harry Drive, a paved local frontage road runs parallel to the southern property line between the site and West Kellogg Avenue. Two points of access are shown along South 135th Street West and one is proposed along West Harry Drive. Access, movement, and cross-lot plans are stated to be determined via platting.

North of the site is currently undeveloped and zoned SF-20 Single Family (SF-20). To the east, land is zoned GC and there are retail and self-storage developments in the immediate vicinity. To the south is undeveloped land zoned SF-20. To the west are lots zoned both GC and SF-5 Single Family Residential (SF-5), with a church and single family homes built on each, respectively.

The CUP allows for all uses in the GC District with the exceptions of: Single-Family; Duplex; Multi-Family; Manufactured Home; Group Residence (Limited & General); Auditorium or Stadium; Cemetery; Correctional Placement Residence (Limited & General); Recycling Collection Station (Public & Private); Recycling Processing Center; Reverse Vending Machine; Utility (Minor or Major); Animal Care (General); Kennel (Hobby/Boarding/Breeding/Training); Nightclub in the City or County; Pawnshop; Recreational Vehicle Campground; Riding Academy or Stable; Rodeo in the City; Secondhand Store; Sexually Oriented Business in the (City or County); Tattooing and Body Piercing Facility (City or County); Tavern and Drinking Establishment; Asphalt or Concrete Plant (Limited); Manufacturing (General); Research Services; Outdoor Storage (as a Principal Use); Vehicle Storage Yard; Welding or Machine Shop.

Within 300 feet of the north and east property lines and Parcels 2 and 3 of the proposed CUP, the following uses are prohibited: Construction Sales and Service; Recreation & Entertainment (Outdoor); Service Station; Vehicle and Equipment Sales (Outdoor); Vehicle Repair (Limited & General); Manufacturing (Limited); Warehousing; Wholesale or Business Services.

CASE HISTORY: The parcel has not been platted.

ADJACENT ZONING AND LAND USE:

North:	SF-20	undeveloped
South:	SF-20	Highway 54, undeveloped
East:	GC	retail, self-storage
West:	GC, SF-5	church, single family residential

PUBLIC SERVICES: 135th Street West is a paved arterial street, West Harry Drive is a paved local road, and West Kellogg Avenue is a paved US Highway. There is currently a water line running along South 135th Street. CUP General Provision number 11 states that utilities shall be installed underground on all parcels.

CONFORMANCE TO PLANS/POLICIES: The Future Growth Plan Map of the *Community Investment Plan* depicts the subject site as appropriate for Residential and Employment Mix and New Residential uses. Though this development will not include residential units, it will satisfy the New Employment portion. Further, development of this type could potentially catalyze residential development

nearby.

RECOMMENDATION: Based upon the information available at the time the staff report was prepared, it is recommended the application be **APPROVED**, subject to the following stipulations.

- (1) This CUP will not be considered finalized until SUB2017-00026 and A17-06 have been recorded and/or approved.
- (2) The applicant shall submit four revised copies of the CUP to the MAPD within 60 days of approval.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: North of the site is currently undeveloped and zoned SF-20 Single Family (SF-20). To the east, land is zoned GC and there are retail and self-storage developments in the immediate vicinity. To the south is undeveloped land zoned SF-20. To the west are lots zoned both GC and SF-5 Single Family Residential (SF-5), with a church and single family homes built on each, respectively.
2. The suitability of the subject property for the uses to which it has been restricted: The site is currently zoned GC, which permits a wide range of residential, office, and commercial uses. This CUP would allow for a continuation of these types of uses, with some additional restrictions as listed in the CUP text. There is no zone change associated with this case and the uses are being reasonably and appropriately restricted.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: This CUP is preserving the existing GC zoning, and in fact adds additional use restrictions. Development of this type could add additional factors to the area such as traffic, noise, and other such issues – but this should be mitigated by the CUP plan and development codes.
4. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The Future Growth Plan Map of the *Community Investment Plan* depicts the subject site as appropriate for Residential and Employment Mix and New Residential uses. Though this development will not include residential units, it will satisfy the New Employment portion. Further, development of this type could potentially catalyze residential development nearby.
5. Impact of the proposed development on community facilities: This use will increase the amount of traffic flow on 135th Street South off of Kellogg Avenue. This may require upgrades or modifications to the road to facilitate healthy traffic flow, but the base infrastructure for access onto the site is in place already. Additional public improvements will be determined via the platting process.
