The applicant is requesting consideration for the vacation of the described portion of the platted contingent alley and utility easement. The described alley/easement currently runs west to east and connects the platted north – south alley to Minneapolis Avenue. There are manholes and sewer line in the platted north – south alley. The applicant will need to provide a dedication by separate instrument of a contingent 20-foot alley and utility easement from the north – south alley, going east – west to Kansas Avenue, to prevent a dead end alley. Comments from Storm Water and franchised utilities have not been received and are needed to determine if they have utilities located within the described alley - easement. The KUMC Addition was recorded with the Register of Deeds April 3, 1995.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Public Works/Water & Sewer/Storm Water, franchised utility representatives and other interested parties, Planning Staff recommends approval to vacate the platted contingent alley and utility easement as described in the legal description with the following conditions.

- (1) Vacate only that portion of the platted contingent alley and utility easement as described in an approved legal description, as approved by City Water & Sewer, Public Works, Storm Water and franchised utilities. Provide Planning Staff the approved legal description of the vacated portion of platted utility easement, via e-mail on a Word document.
- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility, and at the expense of the applicant and per City Standards. To abandon the sewer line provide Public Works with a certification from an engineer attesting that the sewer line has been abandoned per City Standards or provide a guarantee for the abandoning of the sewer line and a temporary easement, all to occur prior to the vacation case proceeding to City Council for final action.
- (3) Provide Planning Staff with a dedication by separate instrument of a contingent 20-foot alley and utility easement that will connected the platted north – south alley with Kansas Avenue. Provide the original to Planning prior to the vacation case proceeding to City Council for final action.
- (4) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
