Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Public Works/Water & Sewer/Storm Water, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described platted utility easement.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
