MAPC Recommendation: Approve subject to conditions (10-0)

Staff Recommendation: Approve subject to conditions.

CPO Recommendation: Council "5A" recommends approval (7-0).

Background: On November 12, 1987, the MAPC held a public hearing to consider a commercial community unit plan and an associated zone change request for a 33-acre unplatted and undeveloped tract of land on the northwest corner of 21st Street North and Tyler. The property within this C.U.P. abuts the proposed Sterling Farms Residential C.U.P. to the north and west.

The C.U.P. proposal is divided into five (5) parcels proposing: 121,000 square feet of gross floor area for offices or 185 apartments on Parcel 1 and 290,000 square feet for light commercial uses on Parcels 2-5.

City water is available in 21st Street North to serve the site; water does not exist in Tyler. Sewer is presently in 21st Street North at the quarter section line between Tyler and Maize, and will have to be extended to serve this property. Twenty-first Street North is an improved four-lane arterial and Tyler is a paved two-lane arterial for only a portion (approximately 300 feet) of the street adjacent to this property. Major street improvements for Tyler and 21st Street North into this property are depicted on the approved Traffic Study Plan dated October 13, 1987 on file with this C.U.P. and are listed in General Provision 5.

No one spoke in opposition to the requests. The Planning Commission unanimously recommended approval of the applications subject to conditions.

SECTION 3. That this Ordinance shall take effect and be in force from and after its adoption and publication in the official City paper.
