Agenda Report No. _____

TO: Mayor and City Council

SUBJECT: ZON2007-00006 – Zone change from “TF-3” Two-family Residential to “LI” Limited Industrial with a Protective Overlay located west of Meridian Avenue between Kellogg and McCormick Avenue (831 S. Richmond). (District IV)

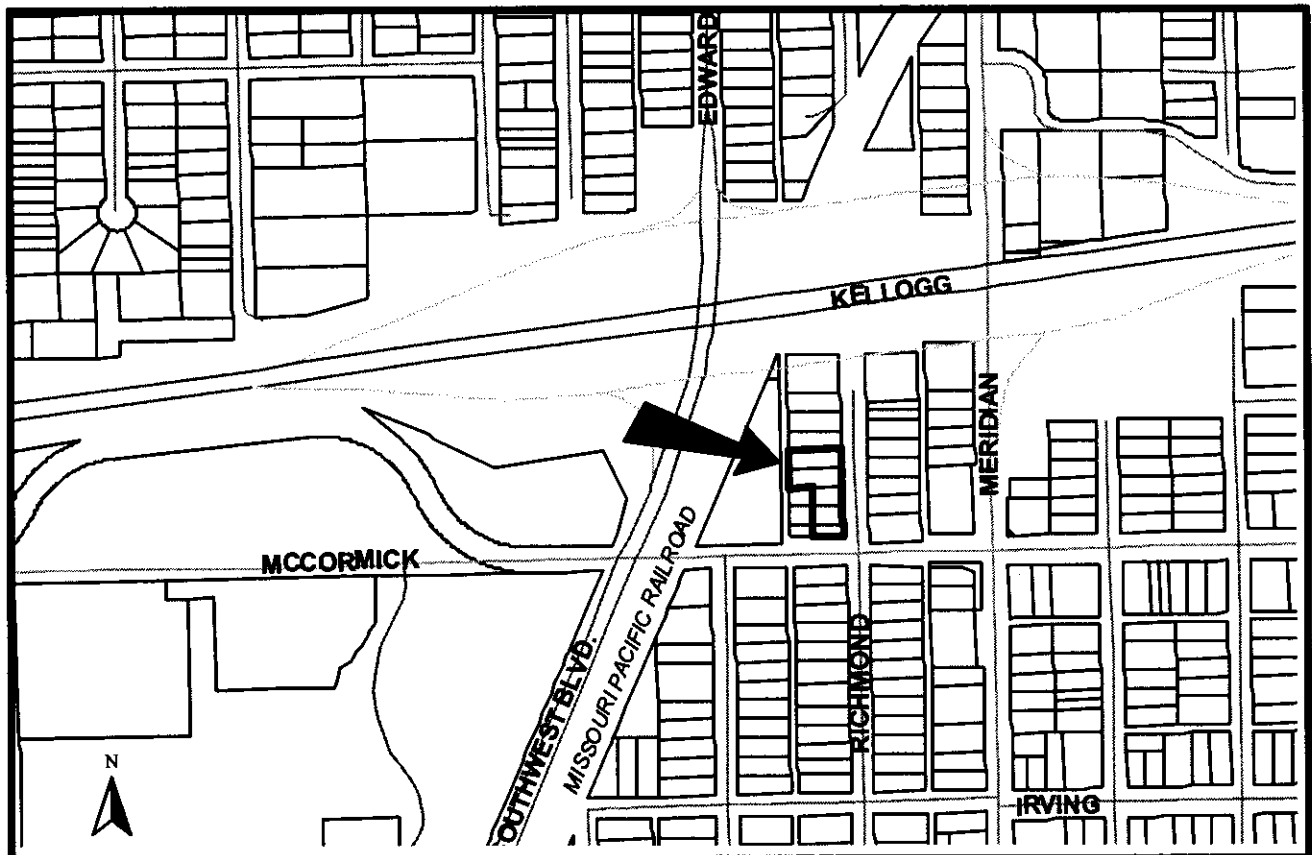

INITIATED BY: Metropolitan Area Planning Department *JS*

AGENDA: Planning (Consent)

MAPC Recommendations: Approve, subject to staff recommendations (12-0).

MAPD Staff Recommendations: Approve, subject to the provisions of the Protective Overlay.

DAB Recommendations: Approve, subject to staff recommendations (9-0) with 1 abstention.

Background: The applicant requests LI zoning on a 0.58-acre site, currently zoned TF-3 Two-Family with a Protective Overlay (“PO”). The proposed use is for additional truck terminal parking on a corner site, north of McCormick Avenue, between Meridian Avenue and Southwest Boulevard (K-42). The western 75 feet of the three southern lots of the application area are already zoned LI; the proposed additional truck parking would locate in the existing LI zoned lots with site access to McCormick Avenue. North of the application area are TF-3 zoned single-family residences. South of the application area, across McCormick, are TF-3 zoned single-family residences. East of the application area, across Richmond, are TF-3 zoned single-family residences and west of the application area is a LI zoned terminal-warehouse use.

Analysis: There were no speakers in opposition to the request at the MAPC meeting on April 5, 2007. The MAPC voted unanimously (12-0) to recommend approval of the zone change from “TF-3” Two-Family Residential to “LI” Limited Industrial, subject to the provisions of “PO” #187. No protest petitions have been submitted and staff has received no telephone calls protesting the proposed zone change. The provisions of “PO” #187 are:

1. In addition to any other code requirement, screening consistent with zone screen standards shall be installed along the east property line fronting Richmond Street.
2. Dedicate complete access control along the site’s Richmond Street frontage.
3. Landscaping and screening shall be installed prior to the lot being put to use.

Financial Considerations: None.

Goal Impact: Promote Economic Vitality.

Legal Considerations: The ordinance has been reviewed and approved as to form by the Law Department. Per the provisions of the Protective Overlay, a restrictive covenant and a dedication of complete access control by separate instrument will be recorded with the Register of Deeds.

Recommendation/Actions:

1. Concur with the findings of the MAPC and approve the zone change, subject to the additional recommended provisions of the Protective Overlay; place the ordinance establishing the zone change on first reading; or adopt the findings of the MAPC and approve the zone change.
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a two-thirds majority vote of the City Council on the first hearing.)
